# LETTER TO SHAREHOLDERS

*Dear Shareholders,*

On behalf of the Board of Directors (the “Board”), I am pleased to present the Annual Report and Audited Accounts of Raffles Education Limited (the “Company”) together with its subsidiaries (the “Group”) for the financial year ended 30 June 2023.

In FY2023, with the reopening of PRC borders, we are beginning to see higher enrolment numbers in our colleges and schools in China and Southeast Asia. As we continue adapting to the new normal, we seek to grow our revenue, to streamline and to restructure our operations.

To further strengthen the financial position of the Group, the issuance of convertible bonds valued at SGD44.1million was completed on 30 August 2022, and raised net proceeds of SGD37.8million. On 10 August 2023 the Group allotted and issued 5,000,000 conversion shares to Bondholders at SGD0.065 per ordinary share, following conversion of Convertible Bonds of SGD325,000.

In a continuous effort to reduce the Group’s debt to a low level and optimise the Group’s capital, the Group had on 21 March 2023, entered into an agreement to dispose the Property located in Langfang Development Zone, Hebei, PRC, for a total consideration of RMB100million. Additionally, on 4 July 2023 the Group entered into an agreement for the sale of 75.39% of the issued share capital of 4 Vallees Pte. Ltd. to Oriental University City Holdings (H.K.) Limited (“Purchaser”) at a consideration of CHF11,479,000.

In line with the above, on 21 June 2023, the Group announced the Proposed Sale of its property at 51 Merchant Road, Singapore 058283 and is currently engaged in ongoing negotiations with a few prospective buyers.

The Group remains committed to effectively managing operating costs and business risks to stay competitive. We believe that our experience and capabilities in the education and education related property management and development businesses will help us navigate challenges ahead.

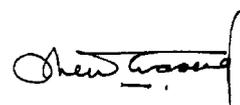

#### **Appreciation and acknowledgment**

On behalf of the Board of Directors, I would like to express my heartfelt appreciation to our employees for their passion and dedication that remains the driving force behind the Group’s success.

I would also like to express my sincere gratitude to my fellow members of the Board for their stewardship in assuring the highest standards of governance, supervision and direction on strategic matters that are essential to the Group.

To all our shareholders I thank you for your confidence, trust, and continued support through these years.

Stay safe and healthy.

**Mr Chew Hua Seng**  
Chairman and CEO

## FY2023 FINANCIAL REVIEW

- (1) Group revenue increased from \$105.4 million for FY2022 to \$110.9 million for FY2023 mainly due to revenue from ASEAN colleges increased by \$5.5 million from \$33.2 million for FY2022 to \$38.7 million for FY2023 due to higher student enrolments. The students' number in ASEAN has grown by 23% from comparative year.
- (2) Interest income increased from \$0.2 million for FY2022 to \$1.4 million for FY2023 was mainly due to interest income arising from deferment of receivables in relation to the disposal of the Group's entire stake in Langfang Development Zone Oriental University City Sino-Singapore Education Investment Co., Ltd ("LOIT").
- (3) Other operating income for FY2023 of \$47.4 million was mainly due to foreign exchange gain of \$46.7 million as a result of:
  - (a) Weakening of RMB, USD and HKD against Singapore Dollar for foreign currency denominated financial liabilities; and
  - (b) Strengthening of USD against RMB for foreign currency denominated financial assets.

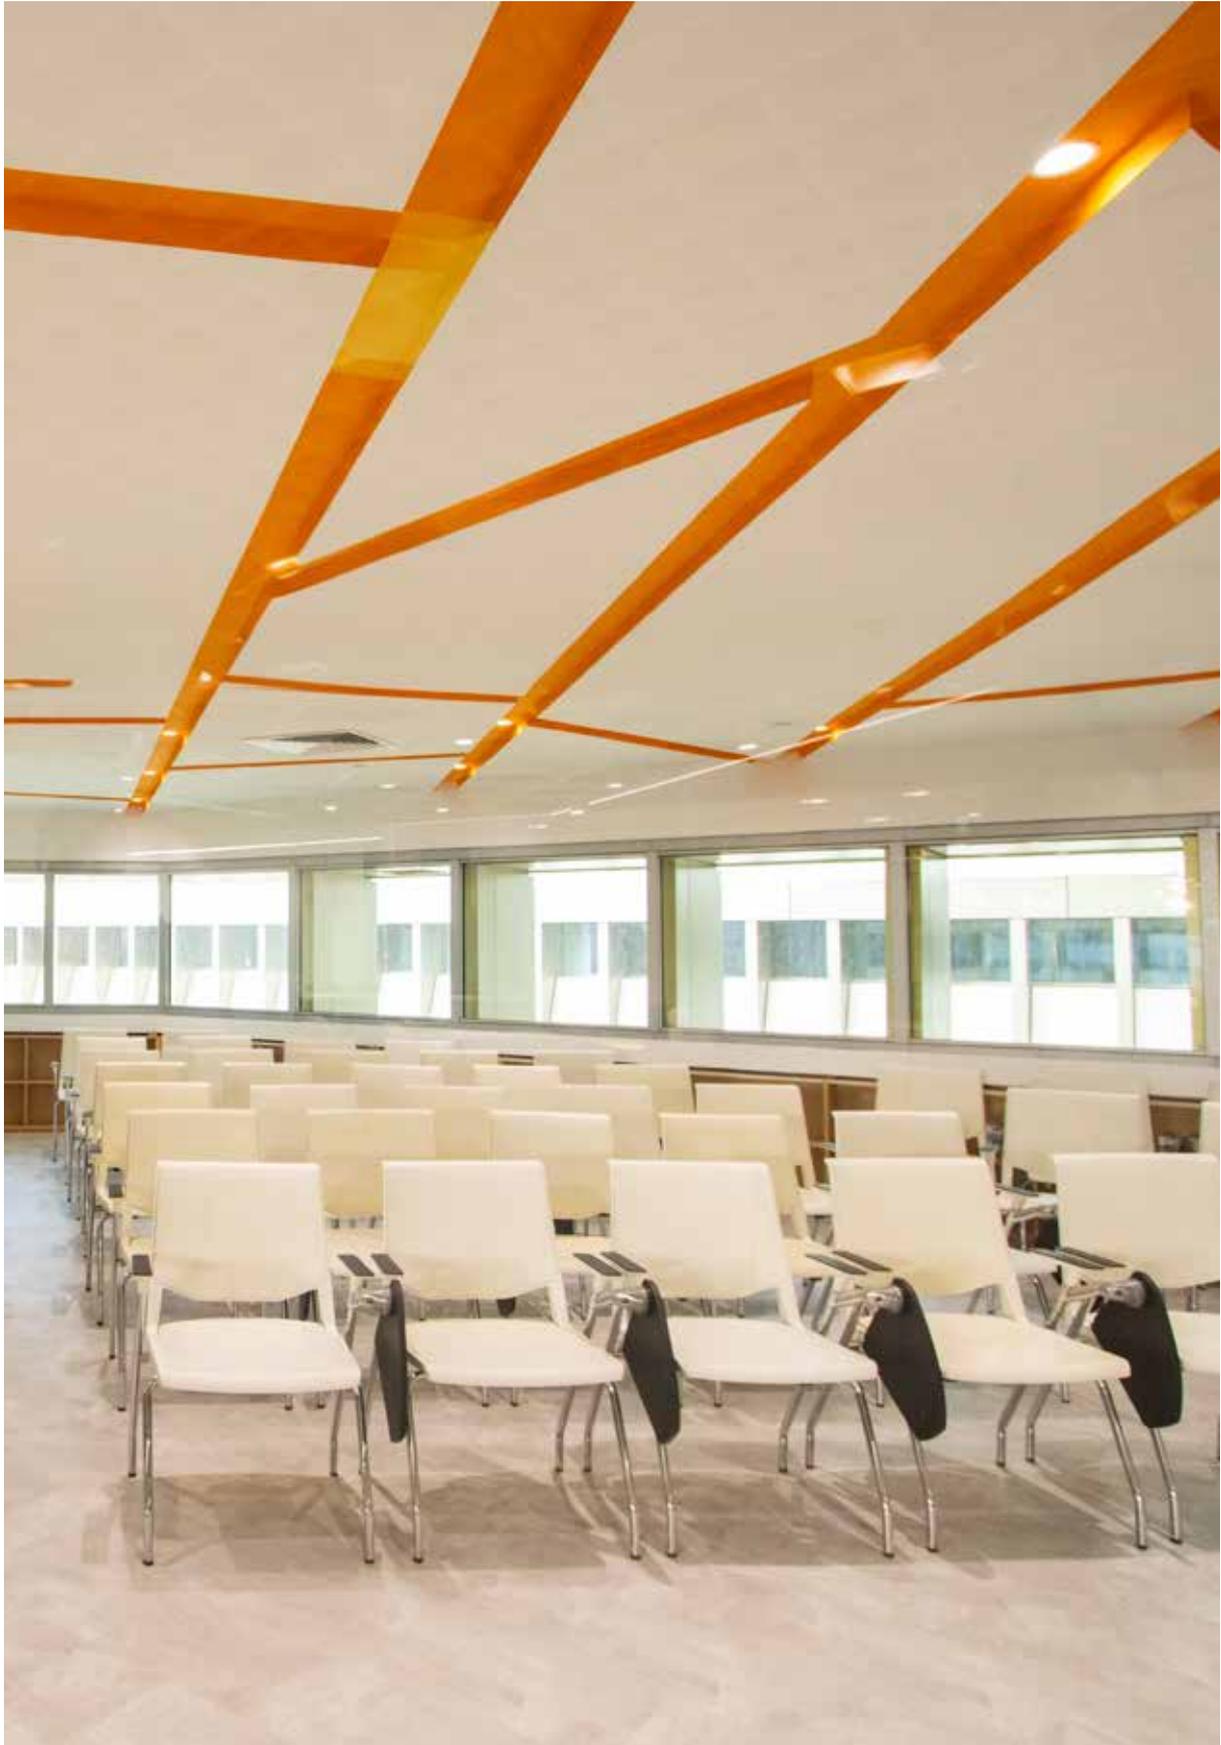

Other operating income for FY2022 of \$48.7 million was mainly due to gain on disposal of non-current assets held for sale of \$36.9 million from compulsory land acquisition by Hefei City Authority of the People's Republic of China for the land owned by Wanbo Institute of Science & Technology ("Wanbo").
- (4) Other operating expense increased from \$64.4 million for FY2022 to \$73.4 million for FY2023 mainly due to:
  - (a) Higher loss on disposal of investment properties;
  - (b) Increase in foreign exchange loss due to strengthening of Singapore Dollar against MYR for foreign currency denominated financial liabilities and strengthening of USD, HKD and RMB against Singapore Dollar for foreign currency denominated financial liabilities;

Offset by:

  - (c) Decrease in marketing expenses; and
  - (d) Decrease in provision of estimated expenses payable upon receipt of sale proceeds of LOIT.
- (5) The impairment loss on property, plant and equipment of \$1.2 million for FY2023 was incurred by Raffles Iskandar Sdn Bhd ("RU") as the fair value less cost of disposal of property, plant and equipment was lower than its carrying amount.
- (6) Net fair value loss on investment properties of \$4.4 million for FY2023 were mainly attributable by the revaluation of investment properties in Oriental University City Holdings (H.K.) Limited ("OUCHK") and RU. The fair value loss on investment properties was offset by increase in fair value of investment properties in Trophy Land Global Limited, Thailand and Raffles College of Design and Business (Private) Limited, Sri Lanka ("RUSL").
 

Fair value gain on investment properties of \$11.6 million for FY2022 were mainly attributable by the revaluation of investment properties in OUCHK and RUSL.
- (7) Higher income tax & deferred tax net expense for FY2022 was mainly due to recognition of income tax expense by Wanbo arising from gain on disposal of land and buildings and recognition of deferred tax expense by RUSL arising from fair value gain on investment properties.
- (8) FY2023 Group net loss was 9.0 million and net asset value per share was 43.46 cents.
- (9) Net cash from operating activities amounted to \$4.3 million. There is a net change of \$3.7 million from the net cash from operating activities of \$8.0 million stated in the unaudited results announcement due to reclassification of foreign exchange differences of \$3.0 million from effect of exchange rate changes on cash and cash equivalents to operating cashflow to better reflect the nature of these foreign exchange differences, reclassification of one item from financing activities to operating activities consisting of \$0.5 million and reclassification of one item from investing activities to operating activities consisting of \$0.2 million.
 

The reclassifications have no impact on the cash and cash equivalents at the end of FY2023 in the consolidated statement of cash flows of the Group.
- (10) Major contributors of cash inflows were:
  - (a) Subsequent payment received from disposal of subsidiary of \$14.4 million;
  - (b) Proceeds from disposal of investment properties of \$18.9 million;
  - (c) Advance from third party of \$8.0 million;
  - (d) Proceeds from issuance of convertible bonds of \$37.8 million; and
  - (e) Drawdown of bank borrowings of \$22.3 million.
- (11) Major contributors of cash outflows were:
  - (a) Advance payment for investment properties of \$10.6 million;
  - (b) Payments for property, plant and equipment of \$14.5 million;
  - (c) Payments for investment properties of \$4.1 million;
  - (d) Increase in restricted bank balances pledged and restricted cash of \$8.4 million;
  - (e) Net repayment to a director of \$4.4 million; and
  - (f) Repayment of borrowings of \$73.1 million.
- (12) The Group's cash position was \$24.2 million at the end of FY2023 (FY2022: \$37.4 million).

## BUSINESS OVERVIEW

RafflesEducation is a premier education Group that is committed to providing quality education and education-related services through its network of institutions across Asia-Pacific and Europe.

Our strategic goal is to nurture and groom skilled professionals through the transfer of industry-relevant knowledge and technical know-how to succeed in the globalised economy. The Group strives to provide a well-balanced education that encourages creative and critical thinking, thus allowing students to realise their potential and aspirations, while enjoying the learning process at our colleges.

Since its founding in 1990, RafflesEducation has grown its portfolio from one college in Singapore to 16 educational institutions in 14 cities across 9 countries.

Our colleges offer a comprehensive range of internationally recognised programmes leading to Diploma, Advanced Diploma, Degree and Masters qualifications. The diagram below illustrates the structure of RafflesEducation:

**“ RAFFLESEDUCATION IS COMMITTED TO PROVIDE QUALITY EDUCATION AND EDUCATION-RELATED SERVICES THROUGH ITS NETWORK OF INSTITUTIONS. ”**

Our journey to success was a corporate journey crafted with great foresight and a well-designed roadmap.

The foundation of an excellent educational institution comprises a superior curriculum, an outstanding faculty and an intellectual environment. For years, these remained as the Group’s core competencies.

RafflesEducation seeks sustainable growth that creates value for its stakeholders. The trusted Raffles brand name

and its network of institutions support the Group’s continued organic growth. The Group also owns valuable education assets across Asia-Pacific and Europe that can be realised for reinvestment into its education business.

Capitalising on its strong fundamentals, the Group will continue to build breadth and depth at its existing colleges, expand its network of institutions, grow its university group, create value at its university city and strengthen its academic quality.

“ **OUR STRATEGIES ARE MEANT TO ENSURE SUSTAINABILITY IN OUR EDUCATION BUSINESS.** ”

## STRATEGY

### BUILD BREADTH AND DEPTH OF EXISTING COLLEGES

RafflesEducation enjoys a reputation as a provider of quality education that focuses on practical training and academic excellence. Therefore, the Group is relentless in implementing initiatives and efforts to fortify its education business.

Resources are invested to continually enhance and expand programme offerings to cater to a diverse community of students, as well as to attract and retain exceptional faculty. The Group also strives to deepen its ties with industry partners to better prepare students for the dynamic workplace and therefore increase their employability. Together, these efforts enable the Group to build breadth and depth of its existing colleges for greater growth.

**STRENGTHEN  
ACADEMIC  
QUALITY**

RafflesEducation places a strong emphasis on curriculum development that is relevant to industry trends and needs. The ultimate goal of an education with Raffles is to groom skilled professionals through the transfer of industry-relevant knowledge and technical know-how to succeed in the globalised economy. Quality Assurance & Enhancement Unit (QAEU), is the corporate unit responsible for all academic matters and adheres strictly to a rigorous reporting and audit system to ensure quality standards and assurance, as well as operational compliance.

Through QAEU, the Group grows its intellectual property portfolio and strengthens its accreditations and academic credibility.

**EXPAND  
NETWORK OF  
INSTITUTIONS**

One of the unique advantages of RafflesEducation is the opportunity for students to complete their studies in any institutions within the Raffles network. Given the Group’s extensive global presence, students can receive international exposure to enrich their personal outlook and learning experience.

RafflesEducation currently has higher educational institutions in The People’s Republic of China and Malaysia.

The expansion of Raffles’ network of colleges is significant, as it will eventually translate into a larger market share for RafflesEducation.

**CREATE VALUE  
AT ORIENTAL  
UNIVERSITY CITY**

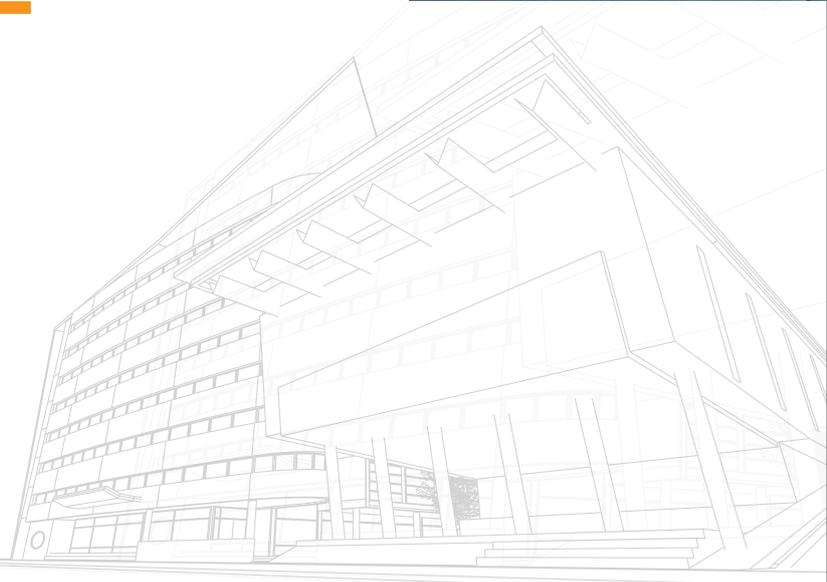

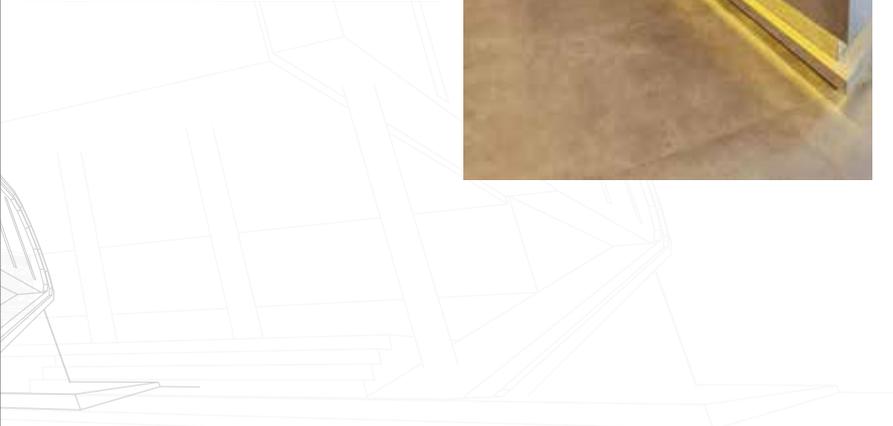

The Group owns and leases education facilities, comprising primarily teaching buildings and dormitories to Educational institutions in the PRC, Malaysia and the Republic of Indonesia (“Indonesia\*”). The Group’s education facilities are located in the OUC Campus; Kuala Lumpur, Malaysia; and Jakarta, Indonesia. In addition, the Group also leases commercial properties in the OUC Campus to commercial tenants operating a range of supporting facilities, including a shopping centre, supermarket, cafe and cafeterias, bank, telecommunication companies, dental and polyclinic, amongst others, to serve the needs of students in the campus and the residents of adjacent housing estates.

# FOSTERING GROWTH FOR FUTURE LEARNERS AT RAFFLES

In a rapidly evolving world, the key to success lies in embracing creativity, innovation, and design thinking. Raffles Design Institutions, with campuses around the globe have emerged as beacons of inspiration for aspiring designers and creative minds. With cutting-edge industrial aesthetics, transformative learning spaces, and a legacy of award-winning competitions, these institutions are shaping the future of design education.

### WHERE CREATIVITY MEETS SKYLINE

Nestled in the heart of Singapore, the Raffles College of Higher Education's campus is a testament to modern industrial design. The institution's commitment to fostering an environment that nurtures creativity is reflected in its state-of-the-art classrooms and reception areas.

Imagine walking into a reception area adorned with sleek, minimalist furniture, illuminated by industrial-style lighting fixtures that cast a warm glow on the exposed brick walls. It's a space that immediately sparks your creativity, setting the tone for what lies ahead.

Raffles College of Higher Education, Singapore, takes pride in its students' achievements in international design competitions. Their dedication and innovative spirit have consistently earned accolades, reinforcing the institution's reputation for excellence in design education.

### WHERE TRADITION MEETS MODERNITY

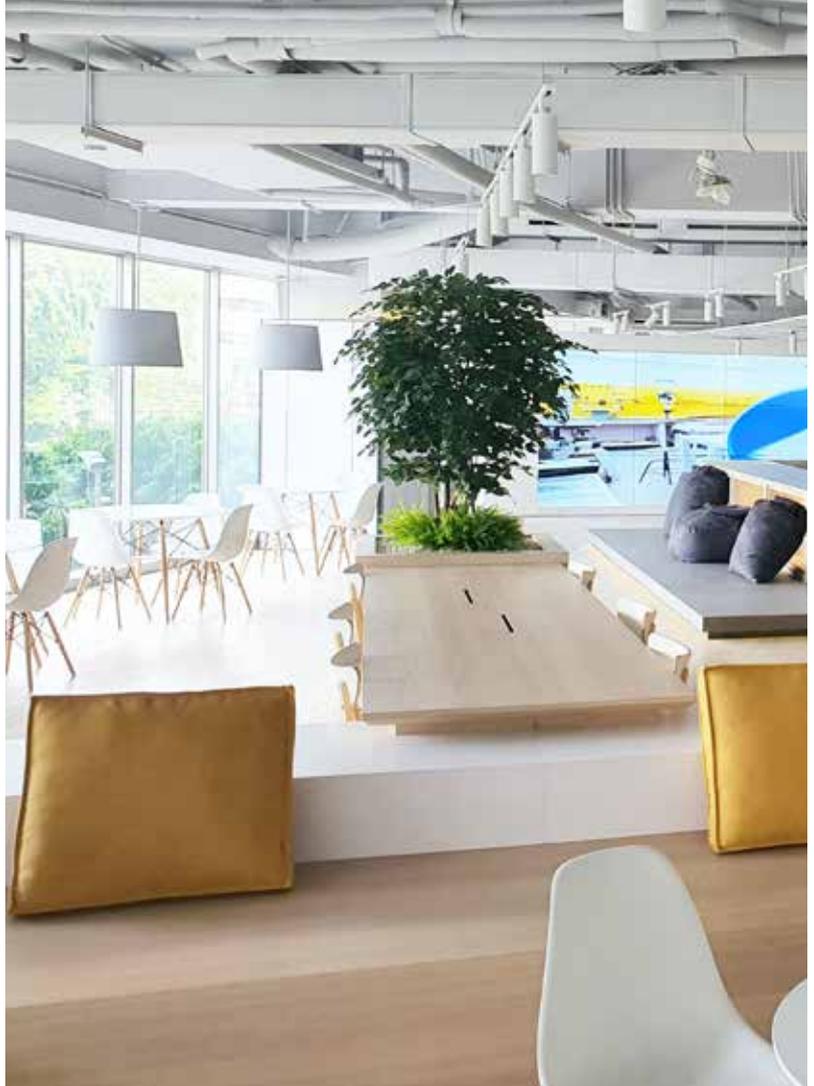

Jakarta, a city that seamlessly blends tradition and modernity, is home to Raffles Design Institute's Indonesian campus. The institution's Jakarta campus is a visual testament to this fusion, mirroring the city's dynamic spirit.

Inside the classrooms, a similar blend of tradition and modernity prevails. Exposed brick walls and steel beams harmonize with vibrant Indonesian textiles, infusing the space with local culture. It's a reminder that design is a universal language, transcending borders and traditions.

Raffles Design Institute, Jakarta, boasts a rich history of success in design competitions. Their students have consistently made their mark on the global stage, demonstrating that creativity knows no boundaries.

“INSPIRING THE NEXT GENERATION OF DESIGNERS TO FORGE THEIR OWN PATH AND LEAVE THEIR MARK ON THE WORLD.”

#### WHERE DREAMS TAKE SHAPE

In the bustling metropolis of Mumbai, Raffles Design International has carved a niche for itself as a hub of creativity and innovation. The Mumbai campus embodies the city's energy and ambition.

Inside the classrooms, the industrial look takes on an urban edge. Raw materials like steel and concrete coexist with pops of color and unconventional seating arrangements. It's a space that encourages students to push boundaries and think outside the box.

Raffles Design International, Mumbai, has consistently produced students who excel in design competitions on a global scale. Their ability to blend creativity with practicality makes them stand out in the design world.

## RAFFLES DESIGN WINS AT SINGAPORE GOOD DESIGN (SG MARK) 2023

Raffles College of Higher Education is honoured to receive the Singapore Good Design (SG Mark) Award 2023 from the Design Business Chamber Singapore on 31 August 2023 at the Singapore Chinese Cultural Centre!

Raffles was awarded with 3 awards in effecting strong positive Fashion Impact to the industry. The awards are namely, Integrating Sustainability in curriculum Design of Fashion Education, A Sustainable Fashion Collection for Metro using Ecocosy (High Quality Viscose Fibers and Design With(Out) Senses by SeanSheila (Sean Loh and Sheila Agatha).

Lastly, congratulations to Raffles Fashion Designers Sean LOH and Sheila Agatha Wijaya for receiving this prestigious award for their business model, which trains and employs the underprivileged community to be part of their fashion label Sean Sheila. Their submission for this award, named “Design with(out) Senses”, is a new and loud voice in the fashion industry.

Congratulations to Principal Giuseppe (Joe) SPINELLI Giuseppe Joe Spinelli in leading the Raffles Fashion Design Curriculum Team in integrating sustainability into Raffles’ fashion design curriculum to prepare our Raffles Fashion Designers for the future.

As part of Raffles Design curriculum promoting sustainability, Raffles collaborated with METRO (Singapore) and SF Fiber to create stylish, versatile, and sustainable wardrobe for fashionable and busy professional ladies. This fashion collection, exclusive to Metro Department Store, embraces comfort, practicality, and responsible choices for a greener future.

## RAFFLES X OPERA GALLERY WELCOME SHEPARD FAIREY

Opera Gallery is thrilled to welcome you to *The Future is Unwritten*, Shepard Fairey's first ever solo exhibition in Singapore from 15th September to 15th October 2023.

There is an exciting line-up of events planned to commemorate the artist's first visit to Singapore:

- Fairey started working on his mural at 8 Craig Road on September 10.
- Held in collaboration with ION Orchard and Raffles College of Higher Education, an extended exhibition in ION Art gallery (Level 4, ION Orchard) titled *Evolution*, happening from 15th September to 3rd October 2023.

'Evolution' showcases original creations by Raffles Design students inspired by Shepard Fairey's artworks and messages. Through the multi-disciplinary design approach, the exhibition offers a multi-sensory experience from graphic to fashion displays, curated by Raffles Graphic, Fashion and Interior Design students.

On behalf of Opera Gallery, Raffles College of Higher Education and ION Art gallery, we welcome you to explore Shepard Fairey's universe of symbolic expression and be inspired to create the yet unwritten future that belongs to us all.

## FASHION THE CHANGE 2023 EXHIBITION AT DESIGN ORCHARD BY RAFFLES FASHION DESIGNERS

In conjunction with Go Green Singapore, Singapore Fashion Council unveiled the imaginative creations of talented youth designers at the Fashion the Change 2023 exhibition at Design Orchard from 3 - 14 July!

Three Raffles Fashion Designers, **Evangelista SANTOSO**, **Kimberly Eunike GOSAL** and **Verina LIE** were featured designers at this exhibition.

### Evangelista SANTOSO

This collection explores the use of natural indigo dyes with designs that were inspired by the Japanese philosophy of Wabi-Sabi and the works of famed architect Tado Ando. Based on Ando's approach, Evangelista wanted to convey fashion as an inseparable part of our surrounding nature and to create an awareness that we are living with, and not apart from nature.

### Kimberly Eunike GOSAL

Through this colourful and casual collection, Kimberly hopes to show a youthful spirit inspired by my favourite characters from her childhood such as My Little Pony, and My Melody. This idea was expressed in the designs through the pastel colours that were achieved with a range of natural dyes developed from food waste.

### Verina LIE

Verina's concept is based on the idea of minimalistic and transformative fashion that is stylish yet also useful, incorporating details that are inspired by the craftsmanship and beauty of Indonesian weaving that have been passed down through generations. Designs were created through zero or minimal waste pattern cutting methods that aims to eliminate any unnecessary wastage of materials.

The Foundation in Liberal Arts programme at Raffles University introduced me into the world of Social Sciences and in turn got me fascinated by Psychology. This led to me continual pursuance of the Bachelor of Psychology (Honours) (BPY) at Raffles University. The modules taught in the programme was fascinating and gave me a broad range of knowledge in the field.

The BPY programme was helpful in shaping my attitude and enabled me to bond with people from diverse backgrounds. Psychology itself is all encompassing. With the knowledge acquired, you can delve into whichever sector suits you best. It is just the matter of “are you open to exploring different paths ahead?” With passion, effort and persistence, opportunities will come your way.

During my undergraduate studies in the Bachelor of Multimedia Design (Hons) programme, I discovered my passion for UX/UI User Experience/User Interface Design. We have had a lot of hands-on learning into designing of the best interface for better experience. The lecturers proved to be highly knowledgeable and supportive, providing valuable feedback and guidance throughout the programme.

Throughout my studies at Raffles University, I have had the opportunity to learn various software and tools essential in the design field. While the software covered in class was mostly foundational, it provided a strong base for further development. Technologies advancement continues daily and therefore learning continues after graduation, and it's crucial to keep acquiring new skills to remain competitive in the industry.

**LEE Sheau Wen**

My time studying at Raffles University has been really helpful in my work, especially for basic tasks and skills. Since I have a good understanding of the subject, it is like a strong foundation that makes my work easier. Learning is crucial before stepping into the real world. It's not just about skills, but also about shaping our design thinking. We need a way for students to grasp what design truly is, beyond just decorating – because design thinking is more about learning and growing.

I really like the design history module because it teaches us about trends from the past and famous designs. After this class, I could quickly spot design elements and use them in my own designs. Also, we learn from famous designers and how they work. As I explored different design trends, I realised that each design carries its own meaning and value. At the beginning of the design process, this class helps build a strong foundation.

**Vivian CHAN Lu Yin**

Class of 2023

Studying at Raffles University has been a fantastic experience for me, primarily because the modules in the interior design department perfectly cater to the needs of aspiring interior designers. The knowledge I gained at RU holds immense value as it continually inspires me to imbue spaces with narratives. During my internship, I found that the most crucial skills I learned were communication and 3D modeling skills. These two competencies are instrumental in my journey toward becoming a successful interior designer.

For new students, my advice is to strive for academic excellence and relish the school experience.

I have a preference for the design theory course at Raffles University because it served as my introduction to interior design. Moreover, I garnered a wealth of knowledge from this module, consistently applying its elements and theories during my internship. I believe that there are common principles that infuse creativity and vibrancy into designs, all rooted in these theories. Therefore, this knowledge proves invaluable when I encounter challenges in the design process, as it continues to inspire me. It serves as a robust foundation, and every interior designer should remain conscious of it.

Our teachers turned out to not only be very knowledgeable and inspirational in their subjects, but also very relatable and approachable so that we feel welcome into our new studies.

My advice to future students considering Raffles, don't be afraid to speak up for any questions, and don't be afraid to be creative.

# CORPORATE GOVERNANCE STATEMENT

The Board of Directors (the “Board”) of Raffles Education Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) is committed to excellence in corporate governance, transparency and accountability, seen as essential for the long-term performance and sustainability of the Group, and to protect and enhance the interests of shareholders and other stakeholders.

The Group’s corporate governance practices and processes are guided by the principles and provisions of the Code of Corporate Governance 2018 (the “**Code**”) and are continually reviewed for relevance and effectiveness by reference to the legal and regulatory environment in which the Group operates. We confirm that the Group has complied with the principles and provisions of the Code during the financial year ended 30 June 2023 and where there are deviations from the Code, appropriate explanation is provided within this Statement.

## I. BOARD MATTERS

### PRINCIPLE 1: THE BOARD’S CONDUCT OF AFFAIRS

#### **Board Responsibility and Conflicts of Interest**

The Board directs the Group in the conduct of its affairs, exercising its fiduciary role at all times in the interests of the Group to ensure that corporate responsibility and ethical standards are met. The Board is collectively responsible for the activities of the Group, its strategy and governance, risk management and financial performance.

All Directors exercise due diligence and independent judgement and are obliged to act in good faith and consider at all times the best interests of the Company. Where there are conflicts of interest, directors recuse themselves from discussions and decisions involving the issues of conflict.

The principal roles and responsibilities of the Board are as follows:

- reviews and adopts a strategic plan, as developed by Management, taking into account the sustainability of the businesses of the Company and its subsidiaries (“Group”), with attention given to climate-related and environmental, social, and governance (“ESG”) aspects of the operations;
- oversees the conduct of the Group’s businesses, including monitoring Management’s performance to determine whether the business is being properly managed;
- identifies principal business risk faced by the Group and ensures the implementation of appropriate internal controls and mitigating measures to manage such risks;
- decides on matters that require its approval and clearly communicates this to Management in writing;
- reviews the adequacy and integrity of the Group’s management information and internal control systems, ensuring there is a sound framework for reporting internal controls and regulatory compliance; and
- ensures the integrity of the Group’s financial and non-financial reporting.

# CORPORATE GOVERNANCE STATEMENT

## Matters requiring the Board's approval

The Board decides on matters that require its approval and clearly communicates this to Management in writing.

Key matters requiring the Board's approval are as follows:

- Setting the strategic direction and long-term goals for the Group and ensuring adequate resources to meet these objectives.
- Approving and monitoring capital and financial plans to ensure alignment with the Group's strategic directions.
- Approving the annual budget, annual and interim financial statements, major funding proposals and capital expenditures, and strategic acquisitions and divestments.
- Ensuring the adequacy and integrity of the internal controls and setting risk appetites, establishing a risk strategy and a framework for risks to be assessed and managed.
- Approving appointments of suitable candidates to the Board and endorsing the appointments of key personnel, internal and external auditors.
- Monitoring and reviewing management performance.
- Making succession plans for itself and key persons to ensure continuity of leadership.

## Delegation by the Board

The Board delegates certain functions to committees to enable the Board to manage more effectively its stewardship and fiduciary responsibilities. However, the ultimate responsibility and decision on all matters still lies with the Board. The Board is assisted by five committees, namely, the Audit Committee, Nominating Committee, Remuneration Committee, Risk Management Committee and Independent Committee, each constituted with clear written terms of reference. Each Board Committee has direct access to management and the discretion to hire independent advisers as it deems necessary.

## Board Meetings and Board Committees

The schedule for all meetings of the Board and Board Committees for the next calendar year is planned well in advance in consultation with the Directors. The Board meets at least four times a year at regular intervals. Additional meetings are convened where necessary to address significant transactions or issues that arise. Where exigencies prevent a member from attending a Board meeting in person, telephonic attendance and conference via audio-visual communication are allowed under the Constitution of the Company. Board and Board Committees' decisions are also obtained through circulation of written resolutions. The Constitution of the Company allow written resolutions that are signed by any two members, being the quorum necessary for transaction of the business of the Directors, to be as effective as if they were passed at physical meetings.

## CORPORATE GOVERNANCE STATEMENT

The attendance at meetings of the Board and Board Committees held in the financial year ended 30 June 2023 are as follows:-

	Board	Audit Committee	Nominating Committee	Remuneration Committee	Risk Management Committee	Independent Committee
No. of meetings held	4	4	1	1	2	-
No. of meetings attended by respective Directors

\* Attendance at invitation of the Committees.

### Board Induction

New Directors are appointed by the Board upon recommendation of the Nominating Committee. Newly appointed Directors will be issued with a formal letter of appointment or service agreement setting out, *inter alia*, the scope of their duties and responsibilities as a Director under the various relevant Singapore laws.

In addition, a newly appointed Director is given an orientation to the Group's businesses and governance practices. As Directors are appointed based on their existing knowledge, skills and experience that are expected to enhance the effectiveness of the Board, any further training after appointment is for continual professional development.

The Company will, as and when required or necessary, arrange and fund the training for a first-time Director of a listed company in areas of accounting, legal and compliance such as Directors' duties and responsibilities under statute and common law, and a broad overview on the rules of SGX-ST Listing Manual.

To facilitate the further development of the competencies of the members of the Board, all Directors are also updated regularly on key accounting and other regulatory changes that have a significant impact on the Group either during Board meetings or via electronic mail.

# CORPORATE GOVERNANCE STATEMENT

## Access to Information

Agendas for Board meetings are set in advance with items proposed by the CEO and management. Directors have separate and independent access to senior management and the Company Secretary and are provided with complete and relevant information in a timely manner. Directors are entitled to request from management such additional information as is needed in order to make informed and timely decisions. Directors also have the discretion to seek independent professional advice at the expense of the Group.

## Company Secretary

The Company Secretary attends all meetings of the Board and ensures that applicable rules, regulations and Board procedures are complied with. Under the Constitution of the Company, the appointment and removal of the Company Secretary require the approval of the Board.

## **PRINCIPLE 2: BOARD COMPOSITION AND GUIDANCE**

### Independence of Judgement

The present Board comprises six members who are business leaders or professionals with financial or other technical backgrounds. Amongst them are four independent Directors, one non-executive and non-independent Director, and one executive Director. There is a strong independent element on the Board as the majority of the Board and its four Board Committees are independent Directors.

An “independent Director” is defined in the Code as one who is independent in conduct, character and judgment, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director’s independent business judgment in the best interests of the Company.

All Directors are required to officially disclose their interests in the Company including any interested person transactions with the Company. Any Director who has an interest that may present a conflict between his obligation with the Company and his personal business or other interests will either recuse himself from participating in the deliberations and voting on the matter or declare his interest and abstain from decision-making. All Directors practise good governance by updating the Company with the changes to their interests in a timely manner.

The Nominating Committee assesses and determines the independence of a Director upon appointment and on an annual basis. Please refer to the section on “Board of Directors” in the Annual Report for key information on each director.

## CORPORATE GOVERNANCE STATEMENT

### Annual Review of Director's Independence

The Nominating Committee reviews the independence of each Non-Executive Director annually in August by taking into consideration the information collected through the confirmation of independence completed by each Director which is addressed to the Nominating Committee. The Director is required to declare any circumstances in which he may be considered non-independent. The Nominating Committee will review each confirmation of independence before affirming the independence of a Director. The Nominating Committee adopts the materiality thresholds and independence criteria as defined in the Code.

Name of Director	Appointment	Date of Initial Appointment	Last Re-election
Mr Chew Hua Seng	Chairman and Chief Executive Officer Member of Nominating Committee	25 November 1999	30 October 2021
Mdm Lim Siew Mun	Lead Independent and Non-Executive Director Chairman of Independent Committee Member of Audit and Remuneration Committees	1 July 2021	30 October 2021
Mr Lim How Teck**	Independent and Non-Executive Director Chairman of Audit and Remuneration Committees Member of Nominating Committee	6 March 2018	25 October 2022
Mr Ng Kwan Meng	Independent and Non-Executive Director Chairman of Nominating and Risk Management Committees Member of Audit Committee	25 February 2021	30 October 2021
Mr Joseph He Jun**	Non-Independent and Non-Executive Director Member of Remuneration and Risk Management Committees	5 November 2018	25 October 2022
BG Chua Chwee Koh**	Independent and Non-Executive Director Member of Audit, Risk Management, Independent and Nominating Committees	4 March 2022	25 October 2022

Note:

\*\* retired in Annual General Meeting held on 25 October 2022.

The Nominating Committee is tasked by the Code to undertake a “particularly rigorous review” of the independence of a Director that has served on the Board for a continuous period of nine years or longer from the date of his first appointment. If the Nominating Committee decides to regard such a Director as independent, it shall disclose its explanation in the Company’s Annual Report.

As of now, there are no Independent Directors and Non-Executive Directors on the Board who have served beyond nine years from the date of their appointment.

# CORPORATE GOVERNANCE STATEMENT

## Board Composition

The Company acknowledges and values the significance and advantages of having a Board and Board Committees that are structured, sized, and composed appropriately, with directors who collectively offer a balanced and diverse range of perspectives.

The Nominating Committee reviews the composition of the Board in the process of new appointments and on an annual basis. The Nominating Committee is satisfied that the current Board comprises persons of an appropriate size and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate, taking into account the nature and scope of the Company's operations.

The information of current composition, date of initial appointment and last re-election of each member of the Board and Board Committees are presented in a table in the preceding page.

## Role of Non-Executive Directors

The non-executive Directors of the Company, who are also independent, together with the non-executive and non-independent Director, constructively challenge and assist in developing proposals on strategy. They also assist the Board in reviewing the performance of management in meeting agreed goals and objectives and monitor the reporting of performance.

## Meeting of Directors without Management

The Non-Executive Directors meet without the presence of management or Executive Directors at least once a year or hold *ad hoc* meetings as circumstances dictate, to review and discuss any matters required to be raised privately. The meetings are chaired by the Chairman of the Independent Committee who is also the Lead Independent Director. The Chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.

## **PRINCIPLE 3: CHAIRMAN AND CHIEF EXECUTIVE OFFICER**

### **Separation of the Role of Chairman and the Chief Executive Officer ("CEO")**

Mr Chew Hua Seng is both the Chairman and CEO of the Company. He bears executive responsibility for the overall management and strategic development of the Group in addition to overseeing the activities of the Board and ensuring that procedures are in place for compliance with the Code.

Although the roles and responsibilities for both Chairman and CEO are vested in Mr Chew, major decisions are made in consultation with the Board which comprises a majority of non-executive and independent Directors. The Board believes that there are adequate measures in place to ensure a degree of checks and balances.

## CORPORATE GOVERNANCE STATEMENT

In addition, the Board has appointed an Independent Director to be the Lead Independent Director as recommended by Provision 3.3 of the Code. The Lead Independent Director acts as the principal liaison between the Independent Directors of the Company and the Chairman of the Board, and between the Independent Directors of the Company and senior management. The Lead Independent Director chairs all the meetings of Independent Directors and provides feedback on such meetings to the Chairman of the Board.

As the Chairman, Mr Chew is responsible for:

- ensuring that Board meetings are held when necessary and preparing the meeting agendas (with the assistance of the Company Secretary) to enable the Board to perform its duties effectively having regard to the flow of the Group's businesses and operations.
- reviewing board papers before they are presented to the Board to ensure that information provided is adequate.
- ensuring sufficient allocation of time for members of the Board to engage in constructive debate on strategic issues and business planning.
- controlling the quality, quantity and timeliness of information flow between the Board and management.
- fostering constructive dialogue between shareholders, the Board and management during annual general meetings and other shareholder meetings.
- promoting high standards of corporate governance.

### **Lead Independent Director**

The Board has appointed Ms Lim Siew Mun as the Lead Independent Director and she will be available to address any shareholders' concerns when contact through the normal channels via the Chairman, CEO or other management executive have failed to provide satisfactory resolution or when such contact is inappropriate or inadequate.

The Lead Independent Director also responds to queries and comments that shareholders of the Company have directed to her or to the Independent Directors of the Company collectively, in consultation with the Chairman of the Board and the other Non-Independent Director, as she may deem appropriate.

### **PRINCIPLE 4: BOARD MEMBERSHIP**

#### **Nominating Committee**

The Nominating Committee (the "NC") has put in place a formal and transparent process for the appointment and re-appointment of Directors to the Board.

## CORPORATE GOVERNANCE STATEMENT

The current composition of the NC comprises four members, of whom three are non-executive and independent Directors and one executive director:

1. Mr Ng Kwan Meng, Chairman of NC (Independent Director)
2. Mr Lim How Teck (Independent Director)
3. Mr Chew Hua Seng (Chairman and Chief Executive Officer)
4. BG (Retd) Chua Chwee Koh (Independent Director)

The NC's responsibilities include, but are not limited to, the following:

- regularly reviewing the composition of the Board and Board Committees, taking into consideration the size and independence requirements, amongst others.

Please refer to Principle 2 for details of the "Annual Review of Director's Independence".

- reviewing the Board's succession plans for Directors, in particular, the Chairman and the CEO.
- identifying, reviewing and recommending Board appointments for approval by the Board, taking into account the experience, expertise, knowledge and skills of the candidate and the needs of the Board.
- reviewing and recommending to the Board the re-appointment of any Non-Executive Director having regard to his/her performance, commitment and ability to contribute to the Board as well as his/her skillset.
- maintaining a process for evaluating the performance of the Board, Board Committees and the Directors.
- conducting an annual evaluation on the performance of the Board, Board Committees and the Directors, and in particular where the Directors concerned have multiple board representations, whether the NC is satisfied that sufficient time and attention have been given by the Directors to the affairs of the Company notwithstanding their multiple board representations.

### **Selection Criteria and Nominating Process for New Directors**

The NC recognises the importance of an appropriate balance and diversity of industry knowledge, skills, background, experience professional qualifications and gender in building an effective Board. To this end, the NC reviews the Board's collective skills matrix regularly.

As part of the formal process for the appointment of new Directors, the NC reviews the composition of the Board and identifies the skillsets that will enhance the Board's effectiveness. Suitable candidates are identified from various sources including search companies and through recommendations. The NC considers the proposed candidate's independence, expertise and background, and determines if he or she possesses the skills required and makes its recommendations to the Board accordingly.

### **Rotation and Re-election of Directors**

The Constitution of the Company requires one-third of Directors that are longest-serving to retire from office every year at the Annual General Meeting ("**AGM**").

# CORPORATE GOVERNANCE STATEMENT

## Directors' Multiple Directorships in Listed Companies

The Company has not determined a specified maximum number of listed board representations for a Director, but the NC takes into consideration the individual's other competing time commitments such as whether the individual also holds a full-time executive position in other organisations.

The NC had carried out an evaluation and review of the contributions of each Directors at meetings of the Board and Board Committees and Directors' participation in the affairs of the Company, including a review of matters such as the independence of Directors, their individual skills, experience and time commitment, in particular for Directors who served on multiple boards as well as overall Board size and compositions.

The NC is satisfied that despite the multiple directorships of certain Directors, the Directors had spent adequate time on the Company's affairs and have carried out their responsibilities.

## Alternate Director

There is no appointment of Alternate Director on the current Board of the Company.

## Key Information on Directors

The Notice of AGM sets out the Directors proposed for re-election. Key information on each Director can be found in the "Board of Directors" section of this Annual Report.

In addition, information on shareholdings in the Company held by each Director is set out in the "Directors' Statement" section of this Annual Report.

## **PRINCIPLE 5: BOARD PERFORMANCE**

The NC makes an assessment in August annually to determine whether the Board, Board Committees and the Directors are performing effectively and formulate action plans for improvement. No external facilitator is appointed to assist NC in the evaluation. The performance evaluation criteria are set by the NC.

The Board Performance Evaluation Questionnaire includes questions on:

- (i) Board's composition;
- (ii) Board's access to information;
- (iii) Board procedures such as the conduct of proceedings at Board meetings and the independent access to officers and members of management outside of Board meetings; and
- (iv) Board's standard of conduct in preventing conflicts of interest and the disclosure of personal interests in transactions and abstention from voting where appropriate.

# CORPORATE GOVERNANCE STATEMENT

The performance of the Directors, individually and collectively, is assessed by means of a performance appraisal that covers a range of issues including Board size, the proportion of Non-Executive Directors versus Executive Directors, whether there is an adequate diversity of independence, the right mix of expertise, experience and skills, and whether expertise and skills applied to the various issues that come before the Board enabled sound, balanced and well considered decisions.

The performance of individual Directors, formal evaluation is carried out by the NC as and when a Director is due for retirement by rotation and is seeking re-election. Contributions in different forms by an individual Board member including providing objective perspectives on issues, facilitating business opportunities and strategic relationships, and attendance at Board and Board Committee meetings are considered.

## II. REMUNERATION MATTERS

### **PRINCIPLE 6: PROCEDURES FOR DEVELOPING REMUNERATION POLICIES**

The Remuneration Committee (the “RC”) comprises three members of whom two are non-executive and independent Directors and one a non-executive and non-independent Director:

- 1) Mr Lim How Teck, Chairman of RC (Independent Director)
- 2) Mdm Lim Siew Mun (Lead Independent Director)
- 3) Mr Joseph He Jun (Non-executive and Non-Independent Director)

The principal functions of the RC are to:

- determine and agree with the Board the framework or broad policy for the remuneration of the Company’s Board and key executives, and to determine specific remuneration packages for each executive director and the Chief Executive Officer and such other members of the executive management as it is designated to consider;
- determine targets for any performance related pay schemes operated by the Company, taking into account pay and employment conditions within the industry and in comparable companies;
- within the terms of the agreed policy, determine the total individual remuneration package of each executive manager including, where appropriate, allowances, bonuses, benefits in kind, incentive payments and share options;
- determine the policy for and scope of service agreements for the executive management team, termination payments and compensation commitments, including fixing appointment period for the directors;
- determine the remuneration of non-executive directors, taking into factors such as efforts, time spent and the responsibilities; and
- oversee any major changes in employee benefit structures throughout the Company or Group.

The RC is satisfied that the existing framework that has the endorsement of the Board and which serves to attract, retain and motivate senior management staff of the Group through competitive compensation compared to the industry and comparable companies, is still relevant and effective. The framework for remuneration of Directors and key management personnel covers all aspects of remuneration including Directors’ fees, salaries, allowances, bonuses, grant of shares and benefits in kind.

## CORPORATE GOVERNANCE STATEMENT

In addition, the RC reviews the obligations arising in the event of termination of the executive Directors' and key management personnel's contract of service to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous. The RC has access to expert advice from external remuneration consultants where required.

None of the RC members or Directors is involved in the deliberations in respect of any remuneration, compensation, options or any form of benefits to be granted to him.

### **Raffles Education Corporation Performance Share Plan (Year 2021)**

The Company had, by way of a shareholders' approval at the Annual General Meeting held on 30 October 2021, adopted the "Raffles Education Corporation Performance Share Plan (Year 2021)" (the "RE PSP"). The RE PSP is administered by a committee of directors comprising as follows:-

Mr Lim How Teck (Chairman)  
Mr Joseph He Jun  
Mdm Lim Siew Mun

A member of the Remuneration Committee who is also a Participant of the RE PSP Scheme must not be involved in its deliberations in respect of options granted or to be granted to him or held by him.

Participants of RE PSP are not required to pay for the grant of awards and they have a right to receive fully paid shares, their equivalent cash value or combinations thereof, free of charge, provided that certain performance conditions or other conditions are met and upon the expiry of the vesting periods.

Eligibility to participate in the RE PSP extends to among others, executive and non-executive directors of any member of the Group and confirmed full-time employees of any member of the Group, and this includes the non-executive Directors (including independent Directors). Controlling Shareholders of the Company and/or their Associates (each as defined in the RE PSP) are not eligible to participate in the RE PSP.

It is currently intended that, subject to shareholders' approval at the upcoming Annual General Meeting, the Lead Independent Director and the non-executive Directors, who hold office as at the payment date, will each receive a portion of their Directors' remuneration for the financial year ended 30 June 2023 in the form of Awards pursuant to the RE PSP.

Awards can be exercised within 3 years and one-third of the awards granted can be exercised each year.

Awards granted will lapse when participant ceases to be an executive director, non-executive director or full-time employee with the Group, subject to certain exceptions at the discretion of the Company.

The aggregate number of shares over which awards may be granted on any date, when added to the number of shares issued and issuable in respect of all share-based incentive schemes under the RE PSP, shall not exceed 15% of the total number of issued shares excluding treasury shares of the Company on the day preceding that date of grant.

## CORPORATE GOVERNANCE STATEMENT

The Directors are of the view that the participation by the independent non-executive Directors in the RE PSP will not affect the independence of such independent non-executive Directors, as it is contemplated that the number of Shares subject to such Award(s) will not be significant such as to affect their independence. For this proposed Award of Shares to non-executive Directors (including independent Directors), it is contemplated that existing treasury shares [(to the extent available)] will be transferred and delivered to the non-executive Directors, in order to minimise the potential dilutive impact on the Company's issued share capital.

Since the commencement of the RE PSP and up to and including 30 June 2023, there were grants of awards that have been issued to non-executive directors, being payment of the share component of directors' fee for the financial year ended 30 June 2022 as follows:

<b>Directors</b>	<b>Number of shares granted to each director</b>
Lim How Teck	402,500
Ng Kwan Meng	402,500
Lim Siew Mun	402,500
Joseph He Jun	402,500
Chua Chwee Koh	130,800

No participant has been awarded 5% or more of the total number of Shares available under the RE PSP. There were no awards granted to participants who are controlling shareholders of the Company and their associates.

### **PRINCIPLE 7: LEVEL AND MIX OF REMUNERATION**

The Group advocates a performance-based remuneration system that is directly linked to corporate and individual performance, both in terms of financial and non-financial remuneration, and the creation of shareholder wealth by incorporating appropriate key performance indicators.

#### **Remuneration of Executive Director**

A significant proportion of the CEO's remuneration is structured such that it links rewards to corporate and individual performance.

If necessary, the RC would seek and indeed had sought external expert advice on the remuneration package of the CEO.

#### **Remuneration of Non-Executive Directors**

All non-executive and independent Directors and non-executive and non-independent Directors received Director's fees and fees for serving on the various Board Committees. These fees are subject to shareholders' approval at the Company's AGM.

The terms of appointment of the directors are as specified in the Constitution of the Company. All non-executive and independent Directors and non-executive and non-independent Director do not have service contracts with the Company.

# CORPORATE GOVERNANCE STATEMENT

## **PRINCIPLE 8: DISCLOSURE ON REMUNERATION**

The Board has not included a separate annual remuneration report to shareholders in this Annual Report as the Board is of view that the matters which are required to be disclosed in such annual remuneration report have already been sufficiently disclosed in this Corporate Governance Statement and the financial statements of the Company.

Remuneration of Directors for the year ended 30 June 2023 in bands of S\$250,000 is set out below:

<b>Name of Director</b>	<b>Fees %</b>	<b>Salary %</b>	<b>Performance-Related Bonuses %</b>	<b>Total %</b>
Between S\$1,000,000 to S\$1,500,000				
Mr Chew Hua Seng	-	100	-	100
<b>Name of Director</b>	<b>Fees %</b>	<b>Salary %</b>	<b>PSP Shares %</b>	<b>Total %</b>
Below S\$250,000				
Mr Lim How Teck	75	-	25	100
Mr Joseph He Jun	67	-	33	100
Mr Ng Kwan Meng	74	-	26	100
Mdm Lim Siew Mun	75	-	25	100
BG Chua Chwee Koh	72	-	28	100

The remuneration of Directors is disclosed within bands instead of rounded to the nearest thousand dollars as the Board is of the view that the disclosure in bands provides a balance between detailed disclosure and confidentiality.

The remuneration of the top five key management personnel (who are not Directors or the CEO), are disclosed in bands, as indicated in the following table as the Board is of the view that the Group's key management remuneration is a sensitive issue to the individuals and to the Group.

The Group operates in very diverse market conditions across many jurisdictions with diverse cultural and local sensitivities when it comes to personal remuneration. The non-disclosure of exact remuneration does not compromise the ability of the Company to meet the Corporate Governance Code, as the RC, comprising two non-executive and independent Directors and one non-executive and non-independent Director, reviews the remuneration package of such key management personnel who are remunerated based on the performance of the individual and the Group to ensure that they are fairly remunerated.

The Group's framework and policies on remuneration take into consideration performance factors such as size of the college and maturity of the college (number of years in operation) when assessing the performance of its key management personnel. In addition to financial performance, the level of difficulty in managing a particular college arising from local operational and regulatory conditions is also taken into consideration in the appraisal of performance.

## CORPORATE GOVERNANCE STATEMENT

The total remuneration paid to the key management personnel (who are not directors or the CEO) in FY 2023 was \$2,184,188. The level and mix of each of the key management personnel (who are not also directors or the CEO) in bands of S\$50,000 are set out below:

Remuneration Band & Name of Key Management Personnel	Fees %	Salary %	Performance-Related Bonuses %	Others	Total
<b>Between S\$450,000 to S\$500,000</b>					
Executive 1	-	81	19	-	100
<b>Between S\$350,000 to S\$400,000</b>					
Executive 2	-	83	-	17	100
<b>Between S\$250,000 to S\$300,000</b>					
Executive 3	-	89	11	-	100
<b>Between S\$200,000 to S\$250,000</b>					
Executive 4	-	82	18	-	100
Executive 5	-	82	18	-	100

Save as disclosed below, none of the Directors had family members who were employees of the Group and whose personal remuneration exceeded S\$100,000. The following are employees who are immediate family members of Mr Chew Hua Seng, the Chairman and CEO. Their remuneration in bands of S\$50,000 during the financial year ended 30 June 2023 are shown below:

Remuneration Band & Name	Relationship	Salary (%)	Performance-Related Bonuses	Total
<b>Between S\$450,000 to S\$500,000</b>				
Mdm Doris Chung Gim Lian	Spouse of Chairman and CEO	81	19	100
<b>Between S\$200,000 to S\$250,000</b>				
Mr Chew Han Wei	Son of Chairman and CEO	82	18	100
Mr Chew Han Qiang		82	18	100

### III. ACCOUNTABILITY AND AUDIT

#### Accountability

The Board provides shareholders with bi-annual financial reports, price sensitive reports and reports to regulators (if required). In presenting these reports, the Board aims to give shareholders a balanced and understandable assessment of the Group's financial performance, position and prospects. The Board also ensures timely and full disclosure of material corporate developments to shareholders.

# CORPORATE GOVERNANCE STATEMENT

Management currently provides annual budgets and business plans to members of the Board for endorsement. The Chairman and CEO receives detailed management accounts of the Group on a quarterly basis.

The Group has a policy on corporate disclosure controls and procedures to ensure that the Group complies with its disclosure obligations under the Listing Manual. These controls and procedures incorporate decision-making procedures and an obligation on internal reporting of decisions made.

## **PRINCIPLE 9: RISK MANAGEMENT AND INTERNAL CONTROLS**

### **Risk Management Committee**

The Board recognizes the importance of sound internal controls and risk management practices to good corporate governance. The Board affirms its overall responsibility for the Group's systems of internal controls and risk management, and for reviewing the adequacy and integrity of those systems on an annual basis. The internal control and risk management functions are performed by the Group's key executives and reported to the Audit Committee (the "**AC**") for review.

The Board has established the Risk Management Committee (the "**RMC**") to assist the Board in overseeing the risk management practices of the Group.

The RMC comprises three members of whom two are non-executive and independent Directors and one is non-executive and non-independent Director:

1. Mr Ng Kwan Meng (Independent Director)
2. Mr Joseph He Jun (Non-Independent Director)
3. BG Chua Chwee Koh (Independent Director)

The principal functions of the RMC are, amongst others, to:

- review and recommend to the Board the type and level of business risks that the Group undertakes on an integrated basis to achieve its business objectives.
- set policies for managing risks that are consistent with the Group's risk appetite.
- advise the Board on proposed strategic transactions, focusing on risk aspects and implications for risk appetite and tolerance of the Group.
- review reports on any material breaches of risk limits and the adequacy of proposed action.
- review the effectiveness of the Group's internal controls and risk management systems.

### **Internal Controls**

The Group has instituted an adequate and effective system of risk management and internal controls addressing material financial, operational, compliance and information technology risks to safeguard the interests of shareholders and the Group's assets.

## CORPORATE GOVERNANCE STATEMENT

An enterprise-wide risk management framework has been set in place to enhance the Group's risk management capabilities. This is administered by the Enterprise Risk Management team ("**ERM**"). The key risks of the Group are identified and action plans made to mitigate these risks. Risk awareness and ownership of risk treatments are continually instilled and reinforced throughout the organisation.

As the environment in which the Group operates changes, risks and opportunities also change. Under the ERM Framework, which is developed with reference to the Committee of Sponsoring Organisations of the Treadway Commission (COSO) Model, management of all levels are expected to constantly review the business operations and the environment that the Group operates in to identify risk areas and ensure mitigating measures are promptly developed to address these risks. The ERM Framework outlines the Group's approach to managing enterprise-wide risks and sets out a systematic process for identifying, evaluating, managing and monitoring risks faced by the Group.

Individual business units have different cultures and risk profiles. Hence, each business unit will identify and evaluate its set of risks. As part of the internal audit of each business unit, risk identification, analysis and evaluation exercise will be carried out and treated according to the risk management process as set out in the ERM Framework. The risk owners, internal auditor and management participate in the review process.

The Board has received assurance from the CEO and Chief Financial Officer ("**CFO**") that, as at 30 June 2023:

- a) the Group's financial records have been properly maintained, and the financial statements give a true and fair view of the Group's operations and finances; and
- b) the Group's risk management and internal control systems were adequate and effective to address financial, operational, compliance and information technology risks which the Group considers relevant and material to its operations.

Based on the internal controls established and maintained by the Group, work performed by the internal auditors, reviews performed by management and various Board Committees and assurances received from the CEO and CFO, the Board, with the concurrence of the AC, is of the opinion that the Group's internal control and risk management systems were adequate and effective as at 30 June 2023 to address financial, operational, compliance and information technology risks which the Group considers relevant and material to its operations.

The Board notes that the internal control and risk management systems provide reasonable, but not absolute, assurance that the Group will not be affected by any event that could be reasonably foreseen as it strives to achieve its business objectives. In this respect, the Board also notes that no system can provide absolute assurance against the occurrence of material errors, poor judgment in decision-making, human error, fraud or other irregularities.

# CORPORATE GOVERNANCE STATEMENT

## Related Party Transactions

The Company has adopted procedures to comply with all regulations governing related party transactions, and for the periodic review and approval of these transactions by the AC.

Pursuant to Rule 907 of the Listing Manual of the SGX-ST, the aggregate value of interested person transactions entered into by the Group during FY2023 is as follows:

Name of Interested Person	Aggregate value of all interested person transactions during the financial year under review (excluding transactions less than S\$100,000 and transactions conducted under shareholders' mandate pursuant to Rule 920)
Mr Chew Hua Seng	S\$9,170,000

Note:

- The Company does not have a shareholders' mandate on interested party transactions.
- The nature of interested party transaction is described under Notes 32 to the Financial Statements FY2023.

## Dealings in Securities

The Company has adopted the SGX-ST Best Practices Guide with respect to dealings in securities for the guidance of Directors and employees. Directors and employees of the Group are reminded on a quarterly basis to refrain from dealing in the Company's securities on short-term considerations and to abstain from dealing with the Company's securities for a period commencing two weeks before the announcement of results for the first three quarters and one month before the announcement of the full year results, and ending on the date of the announcement of the relevant results. Directors and employees of the Group are simultaneously reminded that they are also not permitted to deal in the Company's securities at any time when in possession of any unpublished price sensitive information relating to the Group.

## **PRINCIPLE 10: AUDIT COMMITTEE**

The Audit Committee (the "AC") has written terms of reference that are approved by the Board and clearly set out its responsibilities. A former partner or director of the Company's existing auditing firm or auditing corporation cannot act as a member of the Company's AC:

- within a period of two years commencing on the date of his ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case
- for as long as he has any financial interest in the auditing firm or auditing corporation.

## CORPORATE GOVERNANCE STATEMENT

The AC comprises four members who are all non-executive and independent Directors:

- 1) Mr Lim How Teck, Chairman of AC (Independent Director)
- 2) Mr Ng Kwan Meng (Independent Director)
- 3) Mdm Lim Siew Mun (Lead Independent Director)
- 4) BG Chua Chwee Koh (Independent Director)

The AC meets on a quarterly basis, with further meetings if circumstances require. The Board is of the view that the members of the AC, collectively, have recent and relevant accounting or related financial management expertise or experience and are qualified to discharge the AC's responsibilities. The AC is kept abreast by management and the external auditors of changes to accounting standards, the Listing Manual of the SGX-ST and other regulations which could have an impact on the Group's operations and financial statements. Members of the AC also update themselves through relevant publications and by attending relevant seminars and courses.

Please refer to the section on "Board of Directors" in the Annual Report for key information on the AC members, including their academic and professional qualifications.

The AC assists the Board to maintain a high standard of corporate governance, particularly in the areas of effective financial reporting and the adequacy of internal controls system of the Group.

The duties and responsibilities of AC include:

- Review the scope of annual internal and external audit plans, evaluation of internal accounting control systems, audit report, significant internal audit observations and management's responses thereto.
- Review the quarterly and annual financial statements before submission to the Board for approval.
- Review and discuss with external auditors any suspected fraud, irregularities or regulatory breaches which have or likely to have a material impact on the Group's operating results or financial position.
- Evaluate the assistance given by management to the external auditors and discuss issues of concern, if any, arising from interim and final audits or any matters the auditors wish to discuss.
- Review at least annually the adequacy and effectiveness of the internal audit function.
- Review and report to the Board at least annually the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls (with the assistance of competent external professionals, if necessary).
- Review the scope and results of the external audit, and the independence and objectivity of the external auditors.
- Review any interested person transactions in perspective of Interested Person Transactions Policy and Listing Manual of the SGX-ST.

## CORPORATE GOVERNANCE STATEMENT

- Undertake such other reviews and projects as may be requested by the Board and report to the Board its findings from time to time on matters arising and which warrant AC's attention.
- Undertake such other functions and duties as may be required under the AC's Terms of Reference, by statute or the Listing Manual of SGX-ST, and by such amendments made thereto from time to time.

The AC has explicit authority to investigate any matter within its Terms of Reference, and has full access to and co- operation of the management. The AC has the full discretion to invite any Director, executive officer, internal auditors and external auditors to attend its meetings.

The AC meets with the external auditors, BDO LLP, without the presence of management, at least once a year. The external auditors also have unrestricted access to the AC. The internal auditors, who report to the Chairman of the AC, engage in regular communication with the AC.

### External Auditors

The AC makes recommendations to the Board for the appointment, re-appointment and dismissal of the external auditors, including the remuneration and terms of engagement.

The AC reviews the independence and objectivity of the external auditors through discussions with them as well as a review of the volume and nature of all non-audit services provided by the external auditors during the relevant financial year. The AC is satisfied that the financial, professional and business relationships between the Group and BDO LLP will not prejudice their independence and objectivity and has recommended their re-appointment as external auditors of the Company at the coming AGM.

### Whistle-blowing Policy

The Group has a whistle-blowing policy and established procedures which provide well-defined and accessible channels within the Group on the escalation, investigation and follow up of any reported wrong-doing by an employee, customer, vendor or third party.

### Internal audit

The Board and the AC agree that it is important to have a strong professional internal audit function that will enhance the management of risk and safeguard shareholders' interests. However, the size of the operations of the Group does not warrant having an in-house internal audit function. The internal audit function is outsourced to Baker Tilly Consultancy (Singapore) Pte Ltd.

Baker Tilly Consultancy (Singapore) Pte Ltd is affiliated to Baker Tilly TFW LLP, one of the 10 largest accountancy and business advisory firms in Singapore and also an independent member of Baker Tilly International, the world's 8th largest accounting and business advisory network. The persons assigned to carry out the internal audits on the Group are well qualified, with certifications such as Chartered Accountant of Singapore, Certified Internal Auditor and Certification in Risk Management Assurance, amongst others. The AC is satisfied that Baker Tilly Consultancy (Singapore) Pte Ltd has adequate resources to perform its functions and also has the appropriate standing within the Company.

## CORPORATE GOVERNANCE STATEMENT

The responsibilities of internal audit include:

- Evaluating the adequacy and effectiveness of the Group's risk management and internal controls systems, including whether there is prompt and accurate recording of transactions and proper safeguarding of assets.
- Reviewing whether the Group complies with relevant laws and regulations and adheres to established policies.
- Reviewing whether management is taking appropriate steps to address control deficiencies.

Baker Tilly Consultancy (Singapore) Pte Ltd has conducted its internal audits on the Group in accordance with internal audit methodology which is aligned with the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

The internal audit has direct access to AC Chairman and would update AC Chairman regularly. The AC reviews annually the adequacy and effectiveness of the internal audit function.

The AC reviews and approves the annual internal audit plans and reviews the scope and results of internal audit procedures issued by the internal auditors. Internal audit has unfettered access to the AC, the Board and senior management, as well as the right to seek information and explanation. Internal audit also has unfettered access to all of the Group's documents, records, properties and personnel. All audit reports are circulated to the AC, the CEO, the external auditors and the relevant senior management representatives. Information on outstanding issues is categorised according to level of concern and high-risk outstanding issues are escalated to senior management for timely resolution.

### IV. SHAREHOLDER RIGHTS AND ENGAGEMENT

#### **PRINCIPLE 11: SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS**

##### **Shareholder Rights**

The Group accords all shareholders fair and equitable treatment. The Group is committed to the practice of fair, transparent and timely disclosure of material information to enable shareholders to make informed decisions in respect of their investments in the Company. All price-sensitive information is publicly released prior to any sessions with individual investors or analysts.

Announcements of results and information on new initiatives are published through the SGXNET. Financial results and Annual Reports are announced or issued within the mandatory period. Shareholders can also access information on the Group via the website <https://raffles.education>.

The Company ensures that shareholders have the opportunity to participate effectively and vote at general meetings of shareholders and be informed of the rules, including voting procedures that govern such meetings. Shareholders may download the Annual Report and notice of the general meeting from the Company's website at <https://raffles.education> and SGXNET. The notice of general meeting is also broadcasted on SGXNET and advertised in newspapers.

# CORPORATE GOVERNANCE STATEMENT

The Constitution of the Company allows each shareholder to appoint up to two (2) proxies to attend and vote at general meetings on his/her behalf, unless the shareholder is a relevant intermediary (as defined in Section 181 of the Companies Act). A relevant intermediary is entitled to appoint more than two (2) proxies, but each proxy must be appointed to exercise the rights attached to a different share or shares held by such shareholder. The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other issues are satisfactorily resolved. Accordingly, the Company's Constitution does not currently expressly provide for such absentia voting methods at general meetings of shareholders.

The Annual General Meeting (AGM 2023) to be held on 27 October 2023 will be held at a physical place in Singapore, pursuant to the Companies, Business Trusts and Other Bodies (Miscellaneous Amendments) Act 2023.

The Minutes of the AGM which will incorporate substantial and relevant comments or queries from shareholders relating to the agenda of the AGM and responses from the Board and Management will be published on SGXNET and the Company's website at <https://raffles.education>.

## **Dividend Policy**

The Company does not have a fixed dividend policy. The form, frequency and amount of dividends will depend on the Company's earnings, general financial condition, capital requirements, cash flow, general business condition, development plans and other factors as the Directors may deem appropriate.

## **PRINCIPLE 12: ENGAGEMENT WITH SHAREHOLDERS**

### **Communication with Shareholders**

The Board views the general meetings as the principal forum for dialogue with shareholders, being an opportunity for shareholders to raise issues pertaining to the proposed resolutions and/or ask the Directors or managements questions regarding the Company and its operations.

The Group's investor relations activities promote regular, effective and fair communication with shareholders. All press statements and announcements, if any, and quarterly financial statements are published on the Group's website <https://raffles.education> and at SGXNET website.

An investor relations team supports the Chairman and CEO in maintaining a close and active dialogue with institutional investors. Contact details for investors to submit their feedback and queries are provided on the Group's website.

### **Conduct of Shareholder Meetings**

The AGM provides shareholders with the opportunity to share their views on matters of the Group and to meet the Board of Directors, including chairpersons of the Board Committees and certain members of senior management. Directors must attend all general meetings of the Company unless prevented by extenuating circumstances. The Group encourages and values shareholders' participation at its general meetings. Representatives from the external auditors of the Company are also present at AGM of the Company to address shareholders' queries.

## CORPORATE GOVERNANCE STATEMENT

The Company Secretary prepares Minutes of shareholders' meetings which incorporate substantial and relevant comments or queries from shareholders relating to the agenda of the meetings, and the responses from the Board and management. The Minutes are available to shareholders upon request.

In accordance with the recommendations contained in the Code and its Guidelines, comprehensive explanatory notes are provided in the notice of meeting on any special business to be transacted and resolutions requiring the approval of shareholders are tabled separately at the Company's general meetings unless they are closely related and are more appropriately dealt with together.

All the resolutions proposed at the Company's general meetings are put to vote by poll. The Company has adopted electronic poll voting which allows the votes cast for or against together with the respective percentages on each resolution to be tallied immediately and displayed live on screen at the general meeting. The same information is also announced after the general meeting via SGXNET.

### V. MANAGING STAKEHOLDERS RELATIONSHIPS

#### **PRINCIPLE 13: ENGAGEMENT WITH STAKEHOLDERS**

The Company's material stakeholders are its shareholders, employees and the communities in which its subsidiary companies and institutions of learning operate in. The Company sets the direction for the growth of the organization and it does so in the knowledge of stakeholders' requirements and needs.

The Company regularly seeks its stakeholders' views and expectations through conversations, collaboration and research. By taking an inclusive approach, the Company hopes the stakeholders in turn will have a deeper understanding of the Company's strategic goals, practices and performance.

The environmental, social and governance factors that are material to the Company and its' stakeholders have been identified and are described in the Company's Sustainability Report.

The Company's FY2023 Sustainability Report will be issued by 31 October 2023 and such Report will be made available to shareholders on SGXNET and the Company's website <https://raffles.education> in due course.

Through regular interactions, the Company will manage its relationships with all stakeholders and keep them apprised of the Company's governance, social and environmental concerns. All these efforts will be detailed in the Company's Sustainability Report.

### VI. OTHER INFORMATION

### 6. Audit Committee

The members of the Audit Committee as at the end of the financial year and at the date of this statement are:

Lim How Teck (Chairman)  
Ng Kwan Meng  
Lim Siew Mun  
Chua Chwee Koh

The Audit Committee performs the functions specified in Section 201B (5) of the Act. In performing those functions, the Audit Committee reviewed:

- the scope and the results of internal audit procedures with the internal auditors;
- the audit plans and the overall scope of examination by the external auditor of the Group;
- the independence of the external auditor of the Company and the nature and extent of non-audit services provided by the external auditor;
- the assistance provided by the Company's officers to the external auditor; and
- the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company for the financial year ended 30 June 2023, as well as the independent auditor's report on these financial statements thereon prior to submission to the Directors of the Company for adoption.

The Audit Committee has recommended to the Board of Directors the nomination of BDO LLP, for re-appointment as external auditor of the Company at the forthcoming Annual General Meeting.

### 7. Independent auditor

# INDEPENDENT AUDITOR'S REPORT

To the Members of Raffles Education Limited

## Report on the Audit of the Financial Statements

### Opinion

We have audited the financial statements of Raffles Education Limited (formerly known as Raffles Education Corporation Limited) (the "Company") and its subsidiaries (the "Group") as set out on pages 79 to 173, which comprise:

- the consolidated statement of financial position of the Group and the statement of financial position of the Company as at 30 June 2023;
- the consolidated statement of comprehensive income, consolidated statement of changes in equity, and consolidated statement of cash flows of the Group and the statement of changes in equity of the Company for the financial year then ended; and
- notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)s") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 30 June 2023, and of its consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the changes in equity of the Company for the financial year ended on that date.

### Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements for the financial year ended 30 June 2023. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# INDEPENDENT AUDITOR'S REPORT

To the Members of Raffles Education Limited

KEY AUDIT MATTER	AUDIT RESPONSE
<p><b>1 Impairment assessment of goodwill</b></p> <p>As at 30 June 2023, the Group's goodwill amounted to \$99,286,000 which had been mainly allocated to three cash-generating-units ("CGUs") including China Education Limited, Wanbo Institute of Science &amp; Technology and Raffles College of Higher Education Sdn. Bhd. In accordance with SFRS(I) 1-36 <i>Impairment of Assets</i>, the Group is required to test goodwill for impairment annually or more frequently if there is any indication that the goodwill have been allocated to respective CGUs may be impaired.</p> <p>Management applied the value-in-use (discounted cash flow forecasts) method to determine the recoverable amount of respective CGUs. Any shortfall between the recoverable amount and the carrying amount of the CGUs would be recognised as impairment losses.</p> <p>We have determined the impairment assessment of goodwill allocated to respective CGUs to be a key audit matter as significant judgements and estimates are involved with regard to the key assumptions such as revenue growth rate and discount rate used in the discounted cash flow forecast prepared by management.</p>	<p>Our procedures included amongst other, the following:</p> <ul style="list-style-type: none"> <li>• Evaluated the reasonableness of the key assumptions made by management in preparing the discounted cash flows by performing analytical procedures and comparing the revenue growth rates against historical performance and industry outlook;</li> <li>• Engaged our internal valuation specialist to evaluate the appropriateness of the discount rates used by management against market data, as appropriate;</li> <li>• Performed sensitivity analysis around the key assumptions, including the revenue growth rate and discount rate used in cash flow forecast; and</li> <li>• Assessed the adequacy of the related disclosures in the financial statements.</li> </ul>
<p>Refer to Note 2.7(i), 3.2(i) and 10 of the accompanying financial statements.</p>

KEY AUDIT MATTER	AUDIT RESPONSE
<p><b>2 Valuation of investment properties</b></p> <p>As at 30 June 2023, the Group's investment properties amounted to \$381,908,000 and represented 33% of the Group's total assets. The Group recorded fair value loss on investment properties of \$4,394,000 during the financial year. The Group's investment properties are stated at fair value based on valuation performed by independent professional valuation specialists. The fair value of investment properties was derived using the direct comparison and income approach. Details of the valuation methodologies used are disclosed in Note 6 to the financial statements.</p> <p>The valuation process involves significant judgement in determining the appropriate valuation methodologies to be applied and these are underpinned by a number of key assumptions which included capitalisation rate, monthly rental rate and price per square metre. Changes to these key assumptions may have a significant impact to the valuation.</p> <p>We have determined the valuation of investment properties as a key audit matter due to the significance of the carrying amount and fair value gain to the financial statements as a whole, as well as the significant estimates and judgements associated with the valuation.</p>	<p>Our procedures included amongst other, the following:</p> <ul style="list-style-type: none"> <li>Assessed the competency, capabilities and objectivity of the independent professional valuation specialists, including obtaining an understanding of the specialists' scope of work and the terms of engagement;</li> <li>Read the valuation reports issued by the independent professional valuation specialists to understand and evaluate the appropriateness of the valuation methodologies used;</li> <li>Assessed the reasonableness of the key assumptions made by comparing the price per square metre, monthly rental rate and capitalisation rate to market rates, rental agreements and market data, as appropriate; and</li> <li>Assessed the adequacy of the related disclosures in the financial statements.</li> </ul>
<p>Refer to Note 2.6, 3.2(ii) and 6 of the accompanying financial statements.</p>	

# INDEPENDENT AUDITOR'S REPORT

KEY AUDIT MATTER	AUDIT RESPONSE
<p><b>3 Liquidity of the Group</b></p> <p>The Group's net current liabilities exceeded its current assets by \$111.6 million for the financial year ended 30 June 2023. The Group's net cash generated from operating activities amounted to \$4.3 million during the financial year and has cash and cash equivalents of \$24.2 million as at 30 June 2023.</p> <p>Management has assessed that there is no material uncertainty on the Group's ability to continue as a going concern based on the Group's cash flow forecast prepared by management up to 30 September 2024. Based on management's assessment, the Group has adequate liquidity to finance the working capital requirements of the Group and repay its liabilities as and when they fall due, considering the expected cash inflows from its operating activities, additional financing from financial institution and continued support from its bankers, amongst others, as disclosed in Note 2.1 to the financial statements.</p> <p>We focused on this area as a key audit matter as significant judgements made by management in determining the availability of cash flows which will affect the Group's ability to continue as a going concern.</p> <hr/> <p>Refer to Note 2.1, and 12 of the accompanying financial statements.</p>	<p>Our audit procedures included, amongst others, the following:</p> <ul style="list-style-type: none"> <li>• Evaluated management's cash flow forecast prepared based on approved budget on the Group's ability to settle its obligations as and when they fall due.</li> <li>• Obtained and checked the Group's contracted and other financial obligation to loan agreements and other supporting documents, as appropriate;</li> <li>• Assessed the reasonableness of the key cash flow forecast assumptions by comparing the actual results to previously forecasted results and performed sensitivity analysis around the key assumptions made, including expected cashflow from operation and source of significant additional financing, as appropriate;</li> <li>• Obtained and reviewed the relevant agreements and other supporting documents in relation to other financing arrangements; and</li> <li>• Assessed the adequacy of the related disclosures in the financial statements.</li> </ul>

## Other Information

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I)s, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Directors' responsibilities include overseeing the Group's financial reporting process.

# INDEPENDENT AUDITOR'S REPORT

To the Members of Raffles Education Limited

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

# INDEPENDENT AUDITOR'S REPORT

To the Members of Raffles Education Limited

## **Auditor's Responsibilities for the Audit of the Financial Statements** (Continued)

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Report on Other Legal and Regulatory Requirements**

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ng Kian Hui.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 1. General corporate information

Raffles Education Limited (formerly known as Raffles Education Corporation Limited) (the “Company”) is incorporated and domiciled in the Republic of Singapore (Registration Number: 199400712N), and its registered office and principal place of business at 111 Somerset Road, #15-22, 111 Somerset, Singapore 238164. The Company is listed on the Singapore Exchange Securities Trading Limited (“SGX-ST”).

The principal activities of the Company are those of an investment holding and provision of business and management consultancy services.

The principal activities of significant subsidiaries are set out in Note 7 to the financial statements.

The consolidated financial statements relate to the Company and its subsidiaries (collectively referred to as the “Group”) and the Group’s interests in associates and joint ventures.

## 2. Significant accounting policies

### 2.1 Basis of preparation

The financial statements have been prepared in accordance with the Singapore Financial Reporting Standards (International) (“SFRS(I)s”) under the historical cost convention, except as disclosed in the accounting policies below.

The individual financial statements of each entity within the Group are measured and presented in the currency of primary economic environment in which the entity operates (its functional currency). The consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are presented in Singapore dollar (“\$”) which is the functional currency of the Company and the presentation currency for the consolidated financial statements and all values presented are rounded to the nearest thousand (“\$’000”) as indicated unless otherwise stated.

#### Going concern

As at 30 June 2023, the Group’s and the Company’s current liabilities exceeded its current assets by \$111.6 million and \$71.1 million respectively. The Group’s net cash generated from operating activities amounted to \$4.3 million (2022: \$16.8 million) during the financial year and has cash and cash equivalents of \$24.2 million (2022: \$37.4 million) as at 30 June 2023.

Subsequent to the financial year end, the Group obtained additional facility of \$6.0 million from a financial institution.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.1 Basis of preparation (Continued)

#### Going concern (Continued)

The Directors have assessed that there is no material uncertainty as to the Group's and Company's ability to continue as a going concern based on the following factors:

- (i) Positive cash flow generation from its operations based on the cash flow forecast that covers a period of at least 15 months from 30 June 2023;
- (ii) The Group is confident that its lenders will continue to provide support to the Group;
- (iii) The Group's ability to refinance its existing borrowings when necessary with financial institutions;
- (iv) The Group's ability to realise certain of its assets through sale/lease of its properties. The Group is in on-going negotiations with a few parties on the proposed sale of its property located at 51 Merchant Road; and
- (v) The Company has the ability to tap funds from its shareholders and the capital market.

#### Changes in accounting policies

##### *New standards, amendments and interpretations effective from 1 July 2022*

The standards, amendments to standards, and interpretations published that will apply for the first time by the Group are not expected to impact the Group as they are either not relevant to the Group's business activities or require accounting which is consistent with the Group's current accounting policies.

##### *New standards, amendments and interpretations issued but not yet effective*

There are a number of standards, amendments to standards, and interpretations published that are effective in future accounting periods which the Group has not decided to early adopt. The Group does not expect any of these standards upon adoption will have a material impact to the Group.

### 2.2 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. Subsidiaries are entities over which the Group has control. The Group controls an investee if the Group has power over the investee, exposure to variable returns from its involvement with the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.2 Basis of consolidation (Continued)

Subsidiaries are consolidated from the date on which control commences until the date on which control ceases. Control is reassessed whenever the facts and circumstances indicate that they may be a change in the elements of control.

All intra-group balances and transactions and any unrealised income and expenses arising from intra-group transactions are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides an impairment indicator of the transferred asset.

The financial statements of the subsidiaries are prepared for the same reporting period as that of the Company, using consistent accounting policies. Where necessary, accounting policies of subsidiaries are changed to ensure consistency with the policies adopted by the Group.

#### Non-controlling interests

Non-controlling interests represents the equity in subsidiaries which is not attributable directly or indirectly to the equity owners of the parent. They are shown separately in the consolidated statements of comprehensive income, consolidated statement of changes in equity and consolidated statement of financial position. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions (i.e. transactions with owners). The carrying amounts of the Group's interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the parent.

When the Group loses control of a subsidiary, it derecognises the assets and liabilities of the subsidiary and any non-controlling interest. The profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for (i.e. reclassified to profit or loss or transferred directly to retained earnings) in the same manner as would be required if the relevant assets or liabilities were disposed of. The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under SFRS(I) 9 or, when applicable, the cost on initial recognition of an investment in an associate or joint venture.

In the separate financial statements of the Company, investments in subsidiaries are carried at cost, less any impairment loss that has been recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.3 Business combination

The acquisition of subsidiaries is accounted for using the acquisition method. The consideration transferred for the acquisition is measured at the aggregate of the fair values, at the date of exchange, of assets given, liabilities incurred or assumed, and equity instruments issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in profit or loss as incurred. Consideration transferred also includes any contingent consideration measured at the fair value at the acquisition date. Subsequent changes in fair value of contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

The acquiree's identifiable assets, liabilities and contingent liabilities that meet the conditions for recognition under SFRS(I) 3 are recognised at their fair values at the acquisition date.

Where a business combination is achieved in stages, the Group's previously held interests in the acquired entity are remeasured to fair value at the acquisition date (i.e. the date the Group attains control) and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss, where such treatment would be appropriate if that interest were disposed of.

Goodwill arising on acquisition is recognised as an asset at the acquisition date and initially measured at the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest (if any) in the entity over net acquisition-date fair value amounts of the identifiable assets acquired and the liabilities and contingent liabilities assumed.

If, after reassessment, the net fair value of the acquiree's identifiable net assets exceeds the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any), the excess is recognised immediately in profit or loss as a bargain purchase.

### 2.4 Associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The Group is a party to a joint arrangement when there is a contractual arrangement that confers joint control over the relevant activities of the arrangement to the Group and at least one other party. The Group classifies its interests in joint arrangements as either, Joint ventures, where the group has rights to only the net assets of the joint arrangement; or Joint operations, where the group has both the rights to assets and obligations for the liabilities of the joint arrangement.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.4 Associates and joint ventures (Continued)

Associates and joint ventures are initially recognised in the consolidated statement of financial position at cost, and subsequently accounted for using the equity method less any impairment losses. Any premium paid for an associate or a joint venture above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is included in the carrying amount of the investment in associate or joint venture.

Under the equity method, the Group's share of post-acquisition profits and losses and other comprehensive income is recognised in the consolidated statement of comprehensive income. Post-acquisition changes in the Group's share of net assets of associates or joint ventures and distributions received are adjusted against the carrying amount of the investments.

Losses of an associate or a joint venture in excess of the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment) are not recognised, unless the Group has incurred legal or constructive obligations to make good those losses or made payments on behalf of the associate or joint venture.

Where the Group transacts with an associate or a joint venture, unrealised profits are eliminated to the extent of the Group's interest in the associate or joint venture. Unrealised losses are also eliminated, but only to the extent that there is no impairment.

### 2.5 Property, plant and equipment

Property, plant and equipment are initially recorded at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses. The cost includes its purchase price and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Dismantlement, removal or restoration costs are included as part of the cost if the obligation for dismantlement, removal or restoration is incurred as a consequence of acquiring or using the property, plant and equipment.

Subsequent expenditure on an item of property, plant and equipment is added to the carrying amount of the item if it is probable that future economic benefits associated with the item will flow to the Group and the cost can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

Freehold land has an unlimited useful life and therefore is not depreciated.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.5 Property, plant and equipment (Continued)

Depreciation on other items of property, plant and equipment is calculated and recognised in profit or loss using the straight-line basis to allocate their depreciable amounts over their estimated useful lives.

	<b>Useful lives</b>
Leasehold land, buildings and improvements <sup>#</sup>	3 - 50 years
Plant and equipment	10 years
Furniture, fittings and equipment	7 - 10 years
Computer equipment	4 - 5 years
Motor vehicle	10 years

<sup>#</sup> Majority of the leasehold land and buildings are depreciated over 20 - 50 years.

Construction in-progress represents buildings under construction, which is stated at cost less impairment if any. Cost comprises the direct costs incurred during the period of construction, installation and testing. Construction in-progress is reclassified to the appropriate category of property, plant and equipment when completed and ready for use. No depreciation is provided on construction in-progress. Depreciation commences when the asset is ready for its intended use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The assets' residual values, estimated useful lives and depreciation method are reviewed, and adjusted as appropriate, at the end of each reporting period.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal.

Gain or loss on disposal of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and its carrying amount and is recognised in profit or loss.

### 2.6 Investment properties

Investment properties, which are properties held to earn rentals and/or for capital appreciation and are not occupied by the Group, are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value unless it is still in the course of construction or development at the reporting date and its fair value cannot be reliably determined at that time. Gains or losses arising from changes in the fair value of investment properties are recognised in profit or loss for the period in which they arise.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.6 Investment properties (Continued)

Investment properties are subject to renovations or improvements at regular intervals. The cost of major renovations and improvements are capitalised as additions and carrying amounts of the replaced components are written off to profit or loss. The cost of maintenance, repairs and minor improvements are charged to profit or loss when incurred.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment and its fair value at the date of reclassification becomes its cost for accounting purposes.

On disposal of an investment property, the difference between the net disposal proceeds and carrying amount is recognised in profit or loss.

### 2.7 Intangible assets

An intangible asset that is acquired separately is capitalised at cost. Intangible asset from a business acquisition is capitalised at fair value at date of acquisition. After initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss.

#### (i) Goodwill on acquisitions

Goodwill arising on the acquisition of a subsidiary or business represents the excess of the consideration transferred (see Note 2.3), the amount of any non-controlling interests in the acquiree and the acquisition date fair value of any previously held equity interest in the acquiree over the acquisition date fair value of the identifiable assets, liabilities and contingent liabilities of the subsidiary recognised at the date of acquisition.

Goodwill on subsidiary is recognised separately as intangible assets. Goodwill is initially recognised at cost and subsequently measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

On disposal of a subsidiary, the attributable amount of goodwill is included in the determination of the gain or loss on disposal.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.7 Intangible assets (Continued)

#### (ii) Trademarks and licenses

Trademarks and licenses with definite useful lives are stated at cost less accumulated amortisation and accumulated impairment loss. They are assessed for impairment annually or whenever there are indications of impairment. The useful lives are reviewed on an annual basis, and amortised using the straight-line method from the date on which they are available for use, over the estimated useful lives of up to 10 years.

#### (iii) Development costs

Expenditures on development activities, being the application of technical findings and/or other knowledge to a plan or design for the production of new or substantially improved products or services before commercial production or use, is capitalised if the products or services are technically and commercially feasible; adequate resources available to complete development and sufficient certainty of future economic benefits to the Group will cover not only the usual operation and administrative costs but also the development costs themselves.

Expenditure capitalised comprises all directly attributable costs, including materials, services and appropriate proportion of overhead costs. Other development expenditure is recognised in profit or loss as expense when incurred.

Capitalised development expenditure is stated at cost less accumulated amortisation and assessed for impairment whenever there is an indication of impairment. Amortisation is calculated using the straight-line method to allocate cost over the expected period of benefits, varying between useful lives of 3 to 7 years.

#### (iv) Computer software

Computer software is initially capitalised at costs which include purchase price and other directly attributable cost of preparing the asset for its intended use. Direct expenditure, which enhances or extends the performance of computer software beyond its specifications and which can be reliably measured, is recognised as a capital improvement and added to the original cost of the software. Maintenance costs are recognised as an expense when incurred.

Computer software under development represents software under development, which is stated at cost. Cost comprises the direct costs incurred during the period of development, installation and testing. Computer software under development is reclassified to the appropriate category of intangible assets when completed and ready for use. No amortisation is provided on computer software under development. Amortisation commences when the asset is ready for its intended use.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.7 Intangible assets (Continued)

#### (iv) Computer software (Continued)

Computer software is subsequently carried at cost less accumulated amortisation and accumulated impairment loss. These costs are amortised using the straight-line method over their estimated useful lives of 3 to 7 years.

### 2.8 Leases

*As lessee*

All leases are accounted for by recognising a right-of-use asset and a lease liability except for:

- leases of low value assets; and
- leases with a duration of twelve months or less.

The payments for leases of low value assets and short-term leases are recognised as an expense on a straight-line basis over the lease term.

#### Initial measurement

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless this is not readily determinable, in which case the Group's incremental borrowing rate on commencement of the lease is used.

Variable lease payments are only included in the measurement of the lease liability if it is depending on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

On initial recognition, the carrying amount of lease liabilities also includes:

- amounts expected to be payable under any residual value guarantee;
- the exercise price of any purchase option granted in favour of the Group if it is reasonably certain to assess that option; and
- any penalties payables for terminating the lease, if the term of the lease has been estimated on the basis of termination option being exercised.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.8 Leases (Continued)

As lessee (Continued)

Initial measurement (Continued)

Right-of-use assets are initially measured at the amount of lease liabilities, reduced by any lease incentives received and increased for:

- lease payments made at or before commencement of the lease;
- initial direct costs incurred; and
- the amount of any provision recognised where the Group is contractually required to dismantle, remove or restore the leased asset.

The Group presents the right-of-use assets (excluding those which meet the definition of investment property) and lease liabilities separately from other assets and other liabilities in the consolidated statement of financial position.

Subsequent measurement

Right-of-use assets are subsequently measured at cost less any accumulated amortisation, any accumulated impairment loss and, if applicable, adjusted for any remeasurement of the lease liabilities. The right-of-use assets under cost model are depreciated on a straight-line basis on the following bases:

Leased premises	1 - 6 years
Office equipment	3 - 5 years
Motor vehicle	10 years

The carrying amount of right-of-use assets are reviewed for impairment when events or changes in circumstances indicate that the right-of-use asset may be impaired. The accounting policy on impairment is as described in Note 2.9 to the financial statements.

Subsequent to initial measurement, lease liabilities are adjusted to reflect interest charged at a constant periodic rate over the remaining lease liabilities, lease payment made and if applicable, account for any remeasurement due to reassessment or lease modifications.

After the commencement date, interest on the lease liabilities are recognised in profit or loss, unless the costs are eligible for capitalisation in accordance with other applicable standards.

### 2.8 Leases (Continued)

*As lessee (Continued)*

Subsequent measurement (Continued)

When the Group revises its estimate of any lease term (i.e. probability of extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments over the revised term. The carrying amount of lease liabilities is similarly revised when the variable element of the future lease payment dependent on a rate or index is revised. In both cases, an equivalent adjustment is made to the carrying amount of the right-of-use assets. If the carrying amount of the right-of-use assets is reduced to zero and there is a further reduction in the measurement of lease liabilities, the remaining amount of the remeasurement is recognised directly in profit or loss.

When the Group renegotiates the contractual terms of a lease with the lessor, the accounting treatment depends on the nature of the modification:

- If the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional right-of-use obtained, the modification is accounted for as a separate lease in accordance with the above policy;
- In all other cases where the renegotiation increases the scope of the lease (i.e. extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount;
- If the renegotiation results in a decrease in scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference being recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date. The right-of-use asset is adjusted by the same amount.

For lease contracts that convey a right to use an identified asset and require services to be provided by the lessor, the Group has elected to account for the entire contract as a lease. The Group does not allocate any amount of contractual payments to, and account separately for, any services provided by the lessor as part of the contract.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.8 Leases (Continued)

#### *As lessor*

When the Group is a lessor, it determines whether each lease entered is a finance or an operating lease at the lease inception date and reassessed only if there is a lease modification. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. Whereas, it is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

If the lease arrangement contains lease and non-lease components, the Group applies the principles within SFRS(I) 15 to allocate consideration in the lease arrangement.

Rental income from operating leases (net of any incentives given to lessee) is recognised on a straight-line basis over the lease term. Assets subject to operating leases are included in investment properties and are stated at fair values and not depreciated.

### 2.9 Impairment of non-financial assets excluding goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.9 Impairment of non-financial assets excluding goodwill (Continued)

Where an impairment loss subsequently reverses, the carrying amount of the asset (cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

### 2.10 Inventories

Inventories comprising mainly teaching materials are measured at the lower of cost (first-in first-out method) and net realisable value. Cost includes all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less selling expenses.

### 2.11 Financial instruments

Financial assets and financial liabilities are recognised on the Group's statements of financial position when the Group becomes a party to the contractual provisions of the instrument.

#### **Financial assets**

The Group classifies its financial assets into one of the categories below, depending on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset. The Group shall reclassify its affected financial assets when and only when the Group changes its business model for managing these financial assets. Other than financial assets in a qualifying hedging relationship, the Group's accounting policy for each category is as follows:

#### **Amortised cost**

These assets arise principally from the provision of goods and services to customers (e.g. trade receivables), but also incorporate other types of financial assets where the objective is to hold these assets in order to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest. They are initially recognised at fair value plus transaction costs that are directly attributable to their acquisition or issue, and are subsequently carried at amortised cost using the effective interest rate method less provision for impairment. Interest income from these financial assets is included in interest income using the effective interest rate method.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.11 Financial instruments (Continued)

#### **Financial assets** (Continued)

##### Amortised cost (Continued)

Impairment provisions for trade receivables are recognised based on the simplified approach within SFRS(I) 9 using the lifetime expected credit losses. During this process, the probability of the non-payment of the trade receivables is assessed. This probability is then multiplied by the amount of the expected loss arising from default to determine the lifetime expected credit loss for the trade receivables. For trade receivables, which are reported net, such provisions are recorded in a separate provision account with the loss being recognised in the consolidated statement of comprehensive income. On confirmation that the trade receivable will not be collectable, the gross carrying value of the asset is written off against the associated provision.

Impairment provisions for other receivables are recognised based on a forward-looking expected credit loss model. The methodology used to determine the amount of the provision is based on whether at each reporting date, there has been a significant increase in credit risk since initial recognition of the financial asset. For those where the credit risk has not increased significantly since initial recognition of the financial asset, twelve month expected credit losses along with gross interest income are recognised. For those for which credit risk has increased significantly, lifetime expected credit losses along with the gross interest income are recognised. For those that are determined to be credit impaired, lifetime expected credit losses along with interest income on a net basis are recognised.

The Group considers a financial asset in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

From time to time, the Group elects to renegotiate the terms of trade receivables due from customers with which it had previously had a good trading history. Such renegotiations will lead to changes in the timing of payments rather than changes to the amounts owed and, in consequence, the new expected cash flows are discounted at the original effective interest rate and any resulting difference to the carrying value is recognised in the consolidated statement of comprehensive income.

The Group's financial assets measured at amortised cost comprise trade and other receivables (excluding prepayments, value added tax and tax recoverable) and cash and bank balances in the statements of financial position. The Company's financial assets measured at amortised cost comprise other receivables (excluding prepayments) and cash and bank balances.

## 2. Significant accounting policies (Continued)

### 2.11 Financial instruments (Continued)

#### **Financial assets** (Continued)

##### Credit-impaired financial assets

At each reporting date, the Group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred.

Evidence that a financial asset is credit-impaired includes observable data about the following events:

- significant financial difficulty of the issuer or the borrower;
- a breach of contract, such as a default or past due event;
- the lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider;
- it is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- the disappearance of an active market for that financial asset because of financial difficulties.

##### Derecognition of financial assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

#### **Financial liabilities and equity instruments**

##### *Classification as debt or equity*

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

##### Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs. The Group classifies ordinary shares as equity instruments.

## 2. Significant accounting policies (Continued)

### 2.11 Financial instruments (Continued)

#### **Financial liabilities and equity instruments** (Continued)

##### Equity instruments (Continued)

When shares recognised as equity are reacquired, the amount of consideration paid is recognised directly in equity. Reacquired shares are classified as treasury shares and presented as a deduction from total equity. No gain or loss is recognised in profit or loss on the purchase, sale issue or cancellation of treasury shares.

When treasury shares are subsequently cancelled, the cost of treasury shares are deducted against the share capital account if the shares are purchased out of capital of the Company, or against the retained earnings of the Company if the shares are purchased out of earnings of the Company.

When treasury shares are subsequently sold or reissued the cost of treasury shares is reversed from the treasury share account and the realised gain or loss on sale or reissue, net of any directly attributable incremental transaction costs and related income tax, is recognised in the capital reserve of the Company.

##### Financial liabilities

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial guarantee contracts. The accounting policies adopted for financial liabilities are set out below.

(i) Trade and other payables

Trade and other payables (excluding accruals for property and land use tax, business taxes) are initially recorded at the fair value, net of transaction cost, and are subsequently measured at amortised cost, where applicable, using the effective interest method.

(ii) Borrowings

Interest-bearing bank loans and overdrafts are initially measured at fair value, net of transaction costs and are subsequently measured at amortised cost, using the effective interest method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs (Note 2.17).

Borrowings are presented as current liabilities unless the Group has an unconditional right to defer settlement for at least 12 months after the end of reporting period, in which case they are presented as non-current liabilities.

## 2. Significant accounting policies (Continued)

### 2.11 Financial instruments (Continued)

#### **Financial liabilities and equity instruments** (Continued)

##### Financial liabilities (Continued)

##### (iii) Financial guarantee contracts

The Company has issued corporate guarantees to banks for borrowings of certain subsidiaries and these guarantees qualify as financial guarantees because the Company is required to reimburse the banks if these subsidiaries breach any repayment term.

Financial guarantee contract liabilities are measured initially at their fair values, net of transaction costs. Financial guarantee contracts are subsequently measured at the higher of:

- a) premium received on initial recognition less the cumulative amount of income recognised in accordance with the principles of SFRS(I) 15; and
- b) the amount of loss provisions determined in accordance with SFRS(I) 9.

##### (iv) Convertible bonds

Convertible bonds are regarded as compound instruments, consisting of a liability component and an equity component. The component parts of compound instruments are classified separately as financial liabilities and equity in accordance with the substance of the contractual arrangement. At the date of issue, the fair value of the liability component is estimated using the prevailing market interest rate for a similar non-convertible instrument. This amount is recorded as a liability, on an amortised cost basis until extinguished upon conversion or at the instruments' maturity date. The equity component is determined by deducting the amount of the liability component from the fair value of the compound instrument as a whole. This is recognised and included in equity, net of income tax effects, and is not subsequently re-measured.

##### *Derecognition of financial liabilities*

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or expired. On derecognition of a financial liability, the difference between the carrying amount and consideration paid is recognised in profit or loss.

## 2. Significant accounting policies (Continued)

### 2.11 Financial instruments (Continued)

#### **Financial liabilities and equity instruments** (Continued)

##### Offsetting financial instruments

Both financial assets and financial liabilities are offset and the net amount presented in the statements of financial position when there is a legally enforceable right to offset them and there is an intention to settle on a net basis or to realise the assets and settle the liabilities simultaneously.

### 2.12 Cash and bank balances

Cash and bank balances comprise cash on hand and demand deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in values. For the purposes of the consolidated statement of cash flows, cash and cash equivalents exclude any pledged deposits and restricted bank balances.

### 2.13 Revenue recognition

#### **Revenue from contracts with customers**

Revenue is recognised when a performance obligation is satisfied. Revenue is measured based on consideration of which the Group expects to be entitled in exchange for transferring promised good or services to a customer, excluding amounts collected on behalf of third parties (i.e. sales related taxes).

Course fees and related instruction costs are recognised over time and over the period of instruction. Amounts of fees received relating to future periods of instruction are presented as course fees received in advance.

Student accommodation fees is recognised on a straight-line basis over the term of use.

Revenue from provision of canteen operations is recognised as and when such services are rendered.

#### **Other income**

The Group, as a lessor, leases its investment properties under operating leases to non-related parties. Lease payments from operating leases are recognised as income on a straight-line basis (Note 2.8).

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable, on an effective yield basis.

Dividend income from investments is recognised when the shareholders' rights to receive payment has been established.

# NOTES TO THE FINANCIAL STATEMENTS

## 2. Significant accounting policies (Continued)

### 2.14 Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grants related to asset are deducted against the carrying amount of the asset.

Government grants related to expenses are accounted for in the year where the related costs it intends to compensate is incurred and recognised in the profit or loss. Such government grants are presented under "Other income".

### 2.15 Income tax expense

Income tax expense represents the sum of current and deferred taxes.

#### Current income tax

Current income tax expense is the amount of income tax payable in respect of the taxable profit for a period. Current income tax liabilities for the current and prior periods shall be measured at the amount expected to be paid to the taxation authorities, using the tax rates and interpretation to applicable tax laws in the countries where the Group operates, that have been enacted or substantively enacted by the end of the reporting period. Management evaluates its income tax provisions on periodical basis.

Current income tax expenses are recognised in profit or loss, except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

#### Deferred tax

Deferred tax is recognised on all temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases of asset and liabilities, except when the temporary difference arises from the initial recognition of goodwill or other assets and liabilities that is not a business combination and affects neither the accounting profit nor taxable profit.

Deferred tax liabilities are recognised for all taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the timing of reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.15 Income tax expense (Continued)

#### Deferred tax (Continued)

Deferred tax assets and liabilities are measured using the tax rates expected to apply for the period when the asset is realised or the liability is settled, based on tax rate and tax law that have been enacted or substantially enacted by the end of reporting period. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects to recover or settle its assets and liabilities, except for investment properties at fair value which are presumed to be recovered through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

Deferred tax is recognised in profit or loss, except when it relates to items recognised outside profit or loss, in which case the tax is also recognised either in other comprehensive income or directly in equity, or where it arises from the initial accounting for a business combination. Deferred tax arising from a business combination, is taken into account in calculating goodwill on acquisition.

#### Sales tax

Revenue, expenses and assets are recognised net of the amount of sales tax except:

- when the sales taxation that is incurred on purchase of assets or services is not recoverable from the taxation authorities, in which case the sales tax is recognised as part of cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

The net amount of sales tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

### 2.16 Employee benefits

#### Defined contribution plans

Payments to defined contribution plans are charged as an expense in the period in which the related service is performed. Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into state-managed retirement benefit schemes, such as the Singapore Central Provident Fund, and has no legal and constructive obligation to pay further once the payments are made.

## 2. Significant accounting policies (Continued)

### 2.16 Employee benefits (Continued)

#### Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. An accrual is made for the estimated liability for unutilised annual leave as a result of services rendered by employees up to the end of the reporting period.

#### Share-based payments

The Company operates the following equity-settled share-based payment plan:

#### *Share option plan*

The fair value of the employee services received in exchange for the grant of options is recognised as an expense in profit or loss with a corresponding increase in the share-based payments reserve over the vesting period.

The total amount to be recognised over the vesting period is determined by reference to the fair value of the options granted on the date of grant. In the valuation process, no account is taken of any performance conditions except of conditions linked to the price of the shares of the Company ("market conditions"), if applicable.

The expense recognised in profit or loss during each financial year reflects the manner in which the benefits will accrue to employees under the options plan over the vesting period.

No expense is recognised for awards that do not ultimately vest, except for awards where vesting is conditional upon a market condition, which are treated as vested irrespective of whether or not the market condition is satisfied, provided that all other performance conditions are satisfied.

When the options are exercised and new ordinary shares are issued, the proceeds received (net of any attributable transaction costs) and the corresponding amount of share option reserve are credited to share capital, or to the treasury shares account, when treasury shares are reissued to employees.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any modification, which increases the total fair value of the share-based payments arrangement, or is otherwise beneficial to the employee as measured at the date of modification.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.16 Employee benefits (Continued)

#### Share-based payments (Continued)

#### *Share option plan (Continued)*

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

#### Profit sharing and bonus plans

The Group recognised a liability and an expense for the expected cost of profit-sharing and bonuses when and only when it is contractually obligated to pay and when there is a past practice that has created a constructive obligation to pay which the Group has no realistic alternative but to make the payments.

### 2.17 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Borrowing costs on general borrowings are capitalised by applying a capitalisation rate to construction or development expenditures that are financed by general borrowings. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred using the effective interest method.

### 2.18 Foreign currency transactions and translation

In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency are recorded at the rate of exchange prevailing on the date of the transaction. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing as of the end of the reporting period. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 2. Significant accounting policies (Continued)

### 2.18 Foreign currency transactions and translation (Continued)

Exchange differences arising on the settlement of monetary items, and on retranslation of monetary items are included in profit or loss for the period. Exchange differences arising on the retranslation of non-monetary items carried at fair value are included in profit or loss for the period except for differences arising on the retranslation of non-monetary items in respect of which gains and losses are recognised directly in equity. For such non-monetary items, any exchange component of that gain or loss is also recognised directly in equity.

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations (including comparatives) are expressed in Singapore dollar using exchange rates prevailing at the end of the reporting period. Income and expense items (including comparatives) are translated at the average exchange rates for the period, unless exchange rates fluctuated significantly during that period, in which case the exchange rates at the dates of the transactions are used. Exchange differences arising, are recognised initially in other comprehensive income and accumulated in the Group's foreign currency translation reserve.

On consolidation, exchange differences arising from the translation of the net investment in foreign entities (including monetary items that, in substance, form part of the net investment in foreign entities), and of borrowings and other currency instruments designated as hedges of such investments, are taken to the foreign currency translation reserve.

On disposal of a foreign operation, the accumulated foreign currency translation reserve relating to that operation is reclassified to profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

### 2.19 Dividends

Equity dividends are recognised when they become legally payable. Interim dividends are recorded in the financial year in which they are declared payable. Final dividends are recorded in the financial year in which the dividends are approved by the shareholders. Dividends proposed or declared after the end of the reporting period are not recognised as a liability at the end of the reporting period.

### 2.20 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenue and incur expenses, including revenue and expenses relating to transactions with the Group's other components. All operating segments' operating results are reviewed by the Group's Chief Executive Officer to make decisions about resources allocation to the segment and assess its performance, and for which discrete financial information is available.

### 2.21 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of the asset's previous carrying amount and fair value less costs to sell. The assets are not depreciated or amortised while classified as held for sale. Any impairment loss on initial classification and subsequent measurement is recognised as an expense. Any subsequent increase in fair value less costs to sell (not exceeding the accumulated impairment loss that has been previously recognised) is recognised in profit or loss.

## 3. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in Note 2 to the financial statements, management made judgements, estimates and assumptions about the carrying amounts of assets and liabilities that were not readily apparent from other sources. The estimates and associated assumptions were based on historical experience and other factors that were considered to be reasonable under the circumstances. Actual results may differ from these estimates.

These estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

### 3.1 Critical judgements made in applying the accounting policies

The following are the critical judgements, apart from those involving estimations (see below) that management has made in the process of applying the Group's accounting policies and which have the significant effect on the amounts recognised in the consolidated financial statements.

(i) Classification between investment properties and property, plant and equipment

In accordance with SFRS(I) 1-40 *Investment Property*, the Group has established certain criteria in making judgement on whether a property qualifies as an investment property. Investment property is a property held for capital appreciation or to earn rentals or both. Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately (or leased out separately under a finance lease), the Group would account for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes. Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as investment property. In addition, depending on the Group's latest corporate strategies, from time to time, the management may change the usage of its landed properties between property, plant and equipment and investment properties. The details of the Group's investment properties and property, plant and equipment are set out in Note 6 and Note 4 to the financial statements respectively.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

### 3.1 Critical judgements made in applying the accounting policies (Continued)

(ii) Evaluation of levels of control and influence

The Group and the Company carry on parts of its business activities through subsidiaries, associates or joint ventures. In those circumstances, the Group and the Company have the ability to affect the significant financial and operating policies of the investees through the presence of control, significant influence or joint control. The definition of control, significant influence and joint control is defined in Note 2.2 and Note 2.4 to the financial statements respectively. The determination of the level of influence the Group and the Company have over a business is often a mix of contractually defined and subjective factors that can be critical to the appropriate accounting treatment of investees in the Group's and the Company's financial statements. The management exercises significant judgement in analysing and evaluating relevant, subjective, diverse and sometimes contrasting qualitative and quantitative facts and circumstances surrounding its involvement in the investees, in determining whether the Group and the Company have control, significant influence or joint control over the investees. There are instances, where elements are present that, when considered in isolation, indicate control or lack of control over an investee, but when considered together makes it difficult to reach a clear conclusion. In certain circumstances, despite the lack of the required legal equity ownership, there could exist a parent-subsidiary relationship, an investor-associate relationship or a joint-investor relationship between the Group and the Company with these investees. Such evaluation and assessment processes do take into consideration to account for transactions and events in accordance with their substance and economic reality, and not merely their legal forms.

(iii) Determine the lease term

The Group leases premise from a third party. In determining the lease term, management considers all facts and circumstances that create an economic incentive to extend and economic penalty or costs relating to the termination of lease.

The assessment on lease terms is reviewed at the end of each reporting period if there is a significant change in the Group's intentions, business plan or other circumstances unforeseen since it was first estimated.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(i) Impairment of goodwill

The Group determines whether goodwill is impaired at least on an annual basis. This requires an estimation of the recoverable amount based on the higher of fair value less costs of disposal or value-in-use of certain CGU to which the goodwill is allocated. Estimating the value-in-use requires the Group to make an estimate of the expected future cash flows from the CGU and suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of the Group's goodwill as at 30 June 2023 was approximately \$99,286,000 (2022: \$110,088,000). The details of the impairment assessment and key assumptions used are set out in Note 10 to the financial statements.

(ii) Valuation of investment properties

The accounting policy relating to investment properties are described in Note 2.6 to the financial statements. In applying this policy, judgement made in the context of valuation of investment properties can materially impact the Group's financial position and performance. Accordingly, the Group engaged independent professional valuation specialists who used recognised valuation techniques, subjective assumptions and estimates such as future cash flows from these assets to determine the fair values of the investment properties. These estimates are based on local market conditions existing at the reporting date. In arriving at their estimates of market values, the independent professional valuation specialists used their market knowledge and professional judgement and did not rely solely on historical transaction comparables. The carrying amount of investment properties as at 30 June 2023 was approximately \$381,908,000 (2022: \$435,109,000). The details of valuation of the Group's investment properties are set out in Note 6 to the financial statements.

(iii) Impairment of investments in subsidiaries, associates and joint ventures

Management follows the guidance of SFRS(I) 1-36 *Impairment of Assets*, in determining whether investments in subsidiaries, associates and joint ventures are impaired. When an indicator of impairment is present, a formal estimate of recoverable amount is required to be made by management. This requires assumptions to be made regarding the duration and extent to which the recoverable amount of an investment is less than its costs, the financial health, and near-term business outlook of the investments including factors such as industry and sector performance, changes in technology and operational and financing cash flows.

Management's assessment for impairment of investments in subsidiaries, associates and joint ventures are based on the estimation of value-in-use of the CGU by forecasting the expected future cash flows for a period of up to 5 years, using a suitable discount rate to calculate the present value of those cash flows or fair value less cost of disposal. As at 30 June 2023, the Group's carrying amount of investments in joint ventures and associates as at 30 June 2023 were approximately Nil and \$3,435,000 (2022: \$218,000 and \$3,710,000) respectively and the Company's investment in subsidiaries is \$427,548,000 (2022: \$443,391,000).

(iv) Income tax position

The Group and the Company have exposure to income taxes in various jurisdictions. Significant judgement is involved in determining the provisions for income taxes on a group basis.

Some of the Group's People's Republic of China ("PRC") subsidiaries did not recognise any income tax liabilities on its education-related income. Management is of the opinion that such education-related income is tax exempted according to the tax practices in PRC and their experience as education operators in PRC. Further, there are no specific tax implementation measures applicable for such income in PRC yet and tax liabilities cannot be reliably quantified as at year end.

The Company has exposure to income taxes in Singapore and PRC of which a portion of these taxes arose from certain transactions and computations for which ultimate tax determination is uncertain as at reporting date.

## 3. Critical accounting judgements and key sources of estimation uncertainty (Continued)

### 3.2 Key sources of estimation uncertainty (Continued)

#### (iv) Income tax position (Continued)

The Group and the Company recognised liabilities for expected tax issues based on estimates of additional liable taxes. Where the final tax outcome of these matters is different from the tax position by the Group and the Company, such differences will impact the income tax and deferred tax provision in the financial year in which such determination is made.

The carrying amounts of the Group's income tax payable, deferred tax assets and liabilities as at 30 June 2023 are \$15,631,000 (2022: \$18,889,000), \$742,000 (2022: \$946,000) and \$64,932,000 (2022: \$70,540,000) respectively. As at 30 June 2023, the Company's income tax payable is \$51,000 (2022: \$51,000).

#### (v) Expected credit loss for trade and other receivables

Management establishes the loss allowance for receivables based on expected credit loss model. In determining the expected credit losses for trade receivables, management categorised the trade debtors based on their historical loss pattern and historical payment profile adjusted for the current condition and forecast of future economic conditions that may affect the ability of the customers to settle the trade receivables at the reporting date. For non-trade debtors, management considers the performance, financial capability as well as payment profile of these non-trade debtors in order to determine the appropriate stage of expected credit loss for these debtors. Probability or risk of default is then being estimated by considering the future conditions. Additionally, management also evaluates expected credit loss for customer in financial difficulties separately (credit-impaired).

The carrying amounts of trade and other receivables of the Group and the Company as at 30 June 2023 are \$48,112,000 and \$380,854,000 (2022: \$57,329,000 and \$312,110,000) respectively. The details of the Group's assessment of the credit risks are set out in Note 11 to the financial statements.

## 6. Investment properties (Continued)

- (b) Investment properties are stated at fair value, determined based on professional valuation carried out by firms of independent professional valuation specialists holding recognised and relevant professional qualifications and recent experience in the locations and categories of the properties being valued. The valuation conforms to International Valuation Standards and is based on the assets' highest and best use, which is in line with actual use.

The valuations are mainly performed using Direct Comparison Approach and Income Approach.

Direct Comparison Approach makes reference to the comparable sales evidence in the relevant locality with adjustments made to reflect the differences in size, location, tenure, condition, prevailing market conditions and all other relevant factors affecting its use. The major inputs into the valuation model were the price per square metre and size of the properties.

Income Approach is based on capitalisation of net rental income derived from the existing tenancies with due allowances for revisionary income potential of the property or by reference to comparable market transactions. The major inputs into the valuation model were the rental rates and capitalisation rates.

For valuations performed by independent professional valuation specialist, the management reviews the appropriateness of the valuation methodologies and assumptions adopted including reliability of the inputs used in the valuations.

The Group categorises fair value measurement using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date;
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The fair value of the investment properties is considered Level 3 recurring fair value measurements.

## NOTES TO THE FINANCIAL STATEMENTS

### 6. Investment properties (Continued)

(b) (Continue)

The following table shows the information about fair value measurements using significant unobservable inputs (Level 3):

<b>Valuation techniques</b>	<b>Key unobservable inputs</b>	<b>Range</b>	<b>Inter-relationship between key unobservable inputs and fair value measurement</b>
Income approach	Capitalisation rate	3.2% - 8.0% per annum (2022: 3.9% - 8.0% per annum)	Increase in capitalisation rate would result in lower fair value.
	Monthly rental rate	\$3.3 - \$77.6 per sqm (2022: \$3.4 - \$71.4 per sqm)	Increase in monthly rental rate would result in higher fair value.
Direct comparison approach	Price per square metre <sup>(1)</sup>	\$89.9 - \$1,107.9 per sqm (2022: \$71.6 - \$1,073.1 per sqm)	Increase in price per square metre would result in higher fair value.

<sup>(1)</sup> The yield adjustments are made for any difference in the nature, location or condition of the specific property.

- (c) As at 30 June 2023, \$254.9 million (2022: \$256.0 million) of the Group's investment properties are held under remaining leasehold interests between 26 to 31 years (2022: 27 to 32 years). The remaining investment properties are freehold.
- (d) Certain investment properties with carrying values totalling \$255.8 million (2022: \$170.7 million) were mortgaged to secure borrowings as referred to in Note 15 to the financial statements.
- (e) Investment properties of the Group are held mainly for leasing to tenants under operating leases.

Raffles Education Middle East Training Co. Ltd("REMET") <sup>(c)(e)</sup>	30.0	-	Saudi Arabia	Provision of education services and training programmes

\*\*\* This is computed by OUCHK's 19.01% ownership in Axiom further multiplied by the Company's 75% ownership in OUCHK = arising to effective equity interest of 14.3% ownership in Axiom by the Company.

Notes on associates:

- (a) Audited by overseas member firm of BDO
- (b) Audited by Confidence Audit LLC, Mongolia
- (c) Based on management's assessment and judgement, the financial information of the insignificant associate is immaterial for disclosure.
- (d) Although the Group's ownership interest in Axiom is less than 20%, the Group has the rights to appoint representative on the board of directors of Axiom. Management therefore considered that the Group has the power to exercise significant influence and accounted the investment in Axiom as an associate.
- (e) REMET was a joint venture and became an associate (Notes 8) with a decrease in equity interest from 50% to 30%.

As at 30 June 2023, the fair value of the Group's investment in Axiom, which is listed on the Australian Securities Exchange, was \$3,251,000 (2022: \$4,489,000). The fair value measurement is classified within Level 1 of the fair value hierarchy.

As at 30 June 2023, the fair value less costs to sell off the corresponding interest in Axiom has been determined as higher than the carrying amount hence the management recognised a reversal of impairment loss of \$519,000 in profit or loss for the financial year ended 30 June 2023. There are no contingent liabilities relating to the Group's interest in associates.

### Goodwill on acquisition

Goodwill acquired in a business combination is allocated to the cash-generating units (“CGUs”) that are expected to benefit from that business combination. The carrying amount of goodwill had been allocated to the CGUs which made up of the various subsidiaries are as follows:

	<b>Group</b>	
	<b>2023</b>	<b>2022</b>
	<b>\$'000</b>	<b>\$'000</b>
China Education Limited (“CEL”)	88,709	98,418
Wanbo Institute of Science & Technology (“Wanbo”)	7,277	8,074
Raffles College of Higher Education Sdn. Bhd. (“RKL”)	3,284	3,580
Others	16	16
	99,286	110,088

The Group tested the CGUs annually for impairment or more frequently when there are indications that the CGUs might be impaired.

#### Impairment testing of goodwill

In current year, the Group determined the recoverable amounts of the CGUs based on the respective value-in-use by applying the discounted cash flow model using cash flow projections based on financial budgets and forecasts approved by the management covering a period of up to five years, including terminal value. The key assumptions used in the value-in-use calculation were:

	<b>CEL</b>	<b>Wanbo</b>	<b>RKL</b>
Revenue growth rate	6.4%	13.1%	13.6%
Discount rate	7.0%	7.0%	7.5%

Following the impairment tests, the Group did not recognise any impairment charge during the financial year ended 30 June 2023 and 30 June 2022.

#### Sensitivity analysis

Management has estimated that, with all other variables remain constant and on a standalone basis, the maximum movement of the key assumptions used in the value-in-use calculation before recognising an impairment charge were:

	<b>CEL</b>	<b>Wanbo</b>	<b>RKL</b>
Revenue growth rate decreased by	11.8%	6.3%	4.5%
Discount rate increased by	8.9%	4.3%	11.8%

Trade receivables are non-interest bearing and are generally on 30 days credit term.

The maximum exposure to credit risk in the event that the customers fail to perform their obligations as at end of financial year in relation to each class of recognised financial assets is the carrying amounts of those assets stated in the statements of financial position. There are no collaterals held as securities or other credit enhancements.

The concentration of credit risk for trade receivables is limited due to the large, diverse and unrelated customer base. As at 30 June 2023, the Group has significant amount due from joint ventures. The Company has significant amounts of non-trade receivables due from subsidiaries.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 11. Trade and other receivables (Continued)

The Group applied the simplified approach and provided for lifetime expected credit losses for all trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance with days past due by grouping of customers based on observable ageing buckets. The Group's loss allowance as at 30 June 2023 amounted to \$125,000 (2022: \$75,000).

The Group and the Company provide expected credit losses for non-trade receivables based on the general three-stage model. Credit performance of each debtor is monitored regularly by management. Management considers factors such as the performance, financial capability and/ or any delay in agreed payment schedule to determine whether there is a significant increase in credit risk of each debtor since initial recognition. Based on the assessment, the non-trade receivables of the Group are subject to immaterial credit losses.

For the Company's non-trade amounts due from subsidiaries, management has taken into account the available internal information on the subsidiaries' past, current and expected operating performance and cash flow position in assessing if there is a significant increase in credit risk since initial recognition and then adjust the loss allowance based on the assessment.

Movements in the loss allowance for receivables are as follows:

	Group		Company	
	2023 \$'000	2022 \$'000	2023 \$'000	2022 \$'000

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

### 15. Borrowings (Continued)

The effective interest rates of the borrowings range from 2.25% to 13.70% (2022: 1.28% to 9.06%) per annum. Management estimates that the carrying amount of the Group's and the Company's borrowings approximates its fair value as the current lending rates for similar types of lending arrangement are not materially different from the rates obtained by the Group and the Company.

In the financial year ended 30 June 2023, a subsidiary of the Company, Raffles Assets (Singapore) Pte. Ltd. reached an agreement with the lender, United Overseas Bank, to repay the bank borrowing of \$98.6mil in May 2024 in accordance with the original terms of the loan.

The Group leases premises, office equipment and motor vehicle with only fixed payments over the lease terms.

During the financial year ended 30 June 2023, one of the Group's subsidiaries had an early termination of lease rental, resulting in a lease modification of \$323,000 of right-of-use assets and \$384,000 of lease liabilities.

During the financial year ended 30 June 2022, one of the Group's subsidiaries terminated its rental lease early, resulting in a lease modification of \$856,000 of right-of-use assets and \$1,162,000 of lease liabilities.

Certain office equipment of the Group were qualified for low value lease exemption and the Group also leases certain leased premises on a short-term basis (i.e. less than 12 months). The election of low-value lease exemption and short-term leases is made on lease-by-lease basis.

The Group had total cash outflows for leases of \$2,010,000 (2022: \$1,426,000). The total short-term leases and low value assets are \$260,000 (2022: \$183,000) (Note 26).

As at 30 June 2023, the weighted average incremental borrowing rate applied and average interest rate implicit in the lease were 5.30% (2022: 4.87%) and 2.60% (2022: 3.16%) per annum respectively.

The Group's lease liabilities of \$238,292 (2022: \$265,586) was secured over certain office equipment and motor vehicles (Note 5).

There is no externally imposed covenant on these lease arrangements.

## 28. Earnings per share

The calculation of the basic and diluted earnings per share attributable to the ordinary shareholders of the Company is based on the following data:

### Earnings

	Group	
	2023 \$'000	2022 \$'000
(Loss)/profit attributable to equity holders of the Company	(5,305)	9,612

### Number of shares

	Group

	Basic	Diluted	Basic	Diluted
Weighted average number of ordinary shares in issue ('000)	1,379,092	1,379,092	1,378,657	1,378,657

1,860,000 (2022: 1,970,000) share options granted under the existing share option plan have not been included in the calculation of diluted earnings per share because they are anti-dilutive as the weighted average exercise price is above the average market price.

The financial impact of convertible bonds was excluded from the calculation of the loss attributable to ordinary shareholders (diluted) for the year ended 30 June 2023 as their effect would have been anti-dilutive.

## 29. Share-based payments

### *Raffles Education Corporation Employees' Share Options Scheme ("RE ESOS Scheme")*

Statutory and other information regarding the RE ESOS Scheme is set out below:

- (i) The Remuneration Committee may at its discretion, fix the subscription price at a discount up to 20% off market price, or a price equal to the average of the last dealt market prices for the 5 consecutive market days on which the shares of the Company were traded on the SGX-ST immediately preceding the grant of the options.
- (ii) Consideration for the grant of an option is \$1.00.
- (iii) Options can be exercised 1 year after grant for market price options and 2 years for discounted options.
- (iv) Options granted expire after 5 years for participants not holding a salaried office or employment in the Group, and 10 years for employees of the Group.

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

### 29. Share-based payments (Continued)

*Raffles Education Corporation Employees' Share Options Scheme ("RE ESOS Scheme")*  
(Continued)

- (v) Options granted will lapse when participant ceases to be a full-time employee with the Group, subject to certain exceptions at the discretion of the Company.
- (vi) The aggregate number of shares over which options may be granted on any date, when added to the number of shares issued and issuable in respect of all options granted under the RE ESOS Scheme, shall not exceed 15% of the issued share capital of the Company on the day preceding that date of grant.

Information in respect of the share options granted under the RE ESOS Scheme was as follows:

	<b>2023</b>		<b>2022</b>	
	<b>Number of share options (<b>'000</b>)</b>	<b>Weighted average exercise price <b>\$</b></b>	<b>Number of share options (<b>'000</b>)</b>	<b>Weighted average exercise price <b>\$</b></b>
Outstanding at beginning of financial year	1,970	0.148	2,020	0.148
Expired/cancelled	(110)	(0.148)	(50)	(0.148)
Outstanding at end of financial year	<u>1,860</u>		<u>1,970</u>	
Exercisable as at end of financial year	<u>1,860</u>		<u>1,970</u>	

The fair value of share options as at the date of grant was estimated by an external independent valuer using the binomial option-pricing model, taking into account the terms and conditions upon which the options were granted. The significant inputs into the model were share prices at date of grant, exercise price, yield, expected volatility, risk-free interest rate and option life expected. The expected volatility reflected the assumption that the historical volatility over a period similar to the life of the share options is indicative of future trends, which may not necessarily be the actual outcome. The inputs to the model used are shown below.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 30. Contingent liabilities

### Group

- (a) The Company and some of its subsidiaries are involved in four separate arbitrations/legal proceedings relating to commercial transactions. Although the ultimate disposition of asserted claims and proceedings cannot be predicted with certainty and the amounts involved cannot be reasonably estimated, it is the opinion of the management that the outcome of any such claims, either individually or on a combined basis, will not have a material adverse effect on the consolidated statement of financial position.
- (b) The People's Republic of China's ("PRC") tax system can be characterised by numerous taxes and frequently changing legislation. Tax regulations are often unclear, open to wide interpretation, and in some instances, conflicting. Instances of inconsistent opinion between local, regional and national tax authorities are not unusual. Tax declarations are subject to review and investigation by a number of authorities that are enacted by law to impose significant penalties and interest charges. These factors create substantially more significant tax risks in PRC than that typically found in countries with more developed tax systems. Management believes that it has complied with all existing tax legislation.

At each reporting date, no provision for potential tax assessments for some of the Group's PRC subsidiaries has been made in the consolidated financial statements as management is of the opinion that according to the tax practices in PRC, such education related income is exempted from tax in PRC.

### Company

- (c) As at 30 June 2023, the Company has given guarantees amounting to \$160.3 million (2022: \$218.2 million) to banks in respect of banking facilities granted to the subsidiaries (Note 15) and the guarantees amount represents the maximum exposure. The earliest period that the guarantees could be recalled is within 9 months.
- (d) At each reporting date, the Company has undertaken to provide continued financial support to certain subsidiaries which are in net current liability position and/or showing shareholder's deficit.

In the opinion of the Directors, no significant actual losses are expected to arise from these contingent liabilities as at end of the financial year.

## 31. Commitments

### (a) Capital commitments

Capital expenditure contracted for as at each reporting date but not recognised in the financial statements are as follows:

	<b>Group</b>	
	<b>2023</b>	<b>2022</b>
	<b>\$'000</b>	<b>\$'000</b>
Capital commitments in respect of:		
- Property, plant and equipment	7,733	2,651
- Investment properties	42,471	41,287
	<u>42,471</u>	<u>41,287</u>

### (b) Operating lease commitments (when the Group is a lessor)

The future minimum lease receivables under non-cancellable operating leases contracted for at each reporting date but not recognised as receivables, are as follows:

	<b>Group</b>	
	<b>2023</b>	<b>2022</b>
	<b>\$'000</b>	<b>\$'000</b>
Future minimum lease payments receivable:		
Within one year	9,908	9,509
Between one and five years	19,747	26,949
After five years	6,746	7,886
	<u>36,401</u>	<u>44,344</u>

The Group leased out investment properties to non-related parties under non-cancellable operating leases. Majority of leases are renewable on annual basis. These leases is classified as an operating lease because the risk and rewards incidental to ownership of the assets are not substantially transferred.

Rental income from investment properties is disclosed in Note 21.

## 32. Significant related party transactions

Many of the Group's and Company's transactions and arrangements are with related parties and the effect of these on the basis determined between the parties is reflected in these financial statements. The balances are unsecured, interest-free and repayable on demand unless otherwise stated.

During the financial year, in addition to those disclosed elsewhere in these financial statements, the Group entities and the Company entered into the following transactions with related parties:

	Group		Company	
	2023 \$'000	2022 \$'000	2023 \$'000	2022 \$'000
<b>With subsidiaries</b>				
Dividend income	-	-	578	515

## 33. Report by segments

The Group has four reportable segments as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different skill sets and marketing strategies.

For each of the strategic business units, the Group's Chief Executive Officer reviews internal management reports on a regular basis. The following summary describes the operations in each of the Group's reportable segments:

- Education

The Group offers students a range of degree, diploma and full-time certification programmes in design and business-oriented disciplines at post-secondary level. Students pay fees on a quarterly basis to attend courses at the Group's campuses, where they are taught in English by an overseas faculty.

The Group also participates in pre-tertiary education. This segment includes RK12, offering an American K12 curriculum, with Advanced Placement offerings in the high school, which will provide a schooling alternative to the local and expatriate communities in the region and Gelin Nursery School of Suzhou National New & Hi-tech Industrial Development Zone ("SZGL") which offers only pre-school classes in the PRC.

The Group also runs programmes within the Chinese national public school system. Colleges under this scheme collect fees once a year in advance directly from students under the Chinese government's national fees guidelines. Students are taught by a local faculty and the language of instruction is Chinese. The qualifications awarded by these colleges are recognised by the Chinese government.

- Education Facilities Rental Service

This segment refers to OUCHK which is listed on the Growth Enterprise Market of the Stock Exchange of Hong Kong Limited. OUCHK engages in education facilities leasing and commercial leasing for supporting facilities. OUCHK currently owns and leases out certain investment properties to colleges in Oriental University City, located at Langfang Economic and Technical Development Zone in Langfang City, Hebei Province, the PRC.

- Real Estate Investment & Development

The Group participates in opportunistic Real Estate Investments and Development. The ownership of these properties generates a stream of stable and recurring rental income. When the opportunity arises, the Group may divest these properties.

- Corporate & Others

Includes corporate headquarter and consolidation adjustments which are not directly attributable to a particular reportable segment above.

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 33. Report by segments (Continued)

The accounting policies of the reportable segments are the same as described in the summary of significant accounting policies in Note 2 to the financial statements.

Information regarding the results of each reportable segment is included below.

Operating results of the reportable segments are independently evaluated for performance measurement and resource allocation decisions. Segment performance is evaluated based on operation profit or loss which is similar to the accounting profit or loss as included in the internal management reports reviewed by the Group's Chief Executive Officer.

The Group accounts for inter-segment sales and transfers as if the sales or transfers were to third parties, which approximate market prices. These inter-segment transactions are eliminated on consolidation.

Segment revenue and expenses are the operating revenue and expenses reported in the Group's profit or loss that are directly attributable to a reportable segment and the relevant portion of such revenue and expenses that can be allocated on a reasonable basis to the reportable segment.

Segment assets and liabilities: Segment assets include all operating assets used by a reportable segment and consist principally of property, plant and equipment, investment properties, inventories and operating receivables, net of allowances and provisions. Segment liabilities include all operating liabilities and consist principally of trade and other payables, course fees received in advance, education facilities rental service received in advance and borrowings.

## 34. Financial instruments and financial risk management

The following table sets out the financial instruments at each reporting date:

	Group		Company	
	2023	2022	2023	2022
	\$'000	\$'000	\$'000	\$'000
<b>Financial assets</b>

<b>Financial liabilities</b>				
Financial liabilities at amortised cost	341,653	367,935	440,769	403,917

The Group and the Company are exposed to financial risks arising in the normal course of business. The Group and the Company do not hold or issue derivative financial instruments for trading purposes or to hedge against fluctuation.

Risk management is integral to the whole business of the Group. The Group has a system of controls in place to create an acceptable balance between the cost of risks occurring and the cost of managing the risks. The management continually monitors the Group's risk management process to ensure that an appropriate balance between risk and cost is achieved.

### (a) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group have potential financial loss resulting from students defaulting on their obligations to pay course fees when due, resulting in a loss to the Group. The Group also has credit exposure arising from receivables from rental and disposal of subsidiaries.

The Group has credit policies in place and the exposure to credit risk is monitored on an ongoing basis. Credit risk is managed through regular collection and monitoring procedures.

At each reporting date, the Group's maximum exposure to credit risk were represented by the carrying amount of the financial assets on the statements of financial position except for the financial guarantees provided by the Company for borrowings of the subsidiaries amounting to \$160.3 million (2022: \$218.2 million) as disclosed in Note 15 to the financial statements.

Cash and bank balances are mainly deposits with banks and financial institutions which are regulated and with high credit-ratings assigned with investment grade rating of generally at least A-1+ by international credit rating agencies. Management determined that cash and bank balances are subject to immaterial credit loss.

Further disclosure regarding trade and other receivables are disclosed in Note 11 to the financial statements.

## 34. Financial instruments and financial risk management (Continued)

### (b) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's and the Company's exposures to interest rate risk arise primarily from their borrowings with financial institutions and amount due to a subsidiary.

The Group is exposed to cash flow interest rate risk from borrowings at floating rates. The table below shows the sensitivity analysis of interest rate risk showing the effect on profit or loss if interest rates had increased by 100 basis point (2022: 100 basis point), with all other variables held constant.

	<b>2023</b>	<b>2022</b>

Borrowings	(1,884)	(2,397)
<b>Company</b>		
Borrowings	(278)	(210)
Amount due to a subsidiary	(476)	(476)

A 100 basis point decrease in interest rates would have an equal but opposite effect.

### (c) Foreign currency risk

The Group operates in several countries with dominant operations in Singapore, People's Republic of China, Southeast Asia, Australia and Europe. Currency risk arises within entities in the Group when transactions are denominated in foreign currencies. Exposure to foreign currency risk is monitored on an ongoing basis to ensure that the net exposure is at an acceptable level, as the Group manages its transactional exposure by matching, as far as possible, receipts and payments in each individual currency. As the entities in the Group transact substantially in their respective functional currencies, the Group's exposure to currency risk is not significant.

In relation to the Group's overseas investments in foreign operations where net assets are exposed to currency translation risk, they are not hedged as currency positions in these foreign currencies are considered to be long-term in nature. Differences arising from such translation are recorded under the foreign currency translation reserves.

#### (c) Foreign currency risk (Continued)

The following analyses detail the sensitivity to a five percentage increase or decrease in the respective foreign currencies against the respective functional currencies of the entities in the Group. A five percentage point weakening in the foreign currencies against respective functional currencies would have an equal but opposite effect. The analysis assumes that all other variables, in particular interest rates, remain constant and does not take into account associated tax effects and share of non-controlling interests.

If the relevant foreign currency strengthens by 5% against the respective functional currencies of each entity of the Group, the effect to profit or loss will increase/(decrease) by:

### (c) Foreign currency risk (Continued)

The following analyses detail the sensitivity to a five percentage increase or decrease in the respective foreign currencies against the Singapore Dollar. The analysis assumes that all other variables, in particular interest rates, remain constant and does not take into account associated tax effects and share of non-controlling interests.

If the relevant foreign currency strengthens by 5% against the Singapore Dollar, the effect to profit or loss will increase/(decrease) by:

	<b>2023</b>	<b>2022</b>
	<b>\$'000</b>	<b>\$'000</b>
<b>Company</b>		
Chinese Renminbi	(10,304)	(10,259)

Hong Kong Dollar	(992)	(1,050)
Swiss Franc	94	(122)
Thai Baht	425	470

A five percentage point weakening in the foreign currencies against respective functional currencies would have an equal but opposite effect.

### (d) Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet its financial obligations as they fall due. The Group and the Company monitor its liquidity risk and maintain a level of cash and cash equivalents deemed adequate by management to finance the Group's and the Company's operations and to mitigate the effects of fluctuations in cash flows. Funding is obtained from borrowing facilities from banks and financial institutions. The Group and the Company assessed that the Group and the Company will be able to pay its debts as and when they fall due. The details of the assessment are disclosed in Note 2.1 to the financial statements.

## 34. Financial instruments and financial risk management (Continued)

### (e) Fair values

The carrying amounts of the Group's and Company's current financial assets and current financial liabilities approximate their fair values as at each reporting date due to the relatively short period of maturity of these financial instruments. The fair values of other classes of financial assets and liabilities are disclosed in the respective notes to the financial statements.

## 35. Capital management

The Group's and the Company's objectives when managing capital are to safeguard the Group's and the Company's ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholders' value.

The Group and the Company maintain an optimum capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets by various means such as adjusting the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debts and issue more borrowings whenever necessary.

As part of the Group's and Company's capital management, the Company may purchase its own shares from the market and the timing of these purchases depends on market prices. Primarily, such actions are intended to stabilise the market price of the Company's shares and the purchased shares can be used for issuing shares under a performance share plan if the Company establishes a plan in the future. Buy and sell decisions by management are made on a specific transaction basis. The Group and the Company do not have a defined share buy-back plan.

In addition, the Company may adopt the scrip dividend scheme, issue rights issue shares, issue new ordinary shares via share placements to conserve cash resources and to pay down bank borrowings. The scrip dividend scheme also allows shareholders to reinvest in the growth of the Company.

The Group and the Company manage overall capital structure by leveraging the advantages and security afforded by a sound capital position while preserving a sustainable level of returns which also seek to meet certain capital requirements imposed by the banks. These requirements include maintaining minimum level of net tangible assets.

The Group also monitors capital based on a gearing ratio which is net debt divided by total capital. Net debt includes borrowings less cash and bank balances (including restricted bank balances). Total capital refers to equity attributable to the equity holders of the Company.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 30 JUNE 2023

## 37. Events subsequent to the reporting date

- (i) On 4 July 2023, the Company entered into an agreement for the sale and purchase of 75.39% of the issued share capital of 4 Vallees Pte. Ltd. with Oriental University City Holdings (H.K.) Limited ("OUCHK"). The Company has agreed to sell and OUCHK has agreed to acquire the Sale Shares, at a consideration of CHF11,479,000, subject to adjustment, pursuant terms and conditions of the Agreement.
- (ii) On 10 August 2023, the Company allotted and issued 5,000,000 conversion shares (the "Conversion Shares") to Bondholders at \$0.065 per ordinary share (the "Conversion Price"), following conversion of Convertible Bonds with an aggregate principal amount of \$325,000 ("the Conversion"), in accordance with the Terms and Conditions of the Convertible Bonds Trust Deed dated 30 August 2022. The Conversion Shares rank pari passu and carry all rights similar to the existing shares of the Company and the issued and paid-up share capital of the Company increased from 1,380,397,472 ordinary shares (excluding treasury shares) to 1,385,397,472 ordinary shares (excluding treasury shares). Following the Conversion, the principal amount of Convertible Bonds decreased from \$44,094,476 to \$43,769,476.
- (iii) On 20 August 2023 in the Company's announcement via SGXNet, a subsidiary of the Company, Raffles Assets (Singapore) Pte. Ltd. ("Raffles Assets"), has received an originating application commenced by NPS International School Pte. Ltd. (the "Claimant") against Raffles Assets in the General Division of the High Court of Singapore. The Claimant is seeking a refund of the deposit of \$500,000 paid to Raffles Assets pursuant to a Letter of Intent. Raffles Assets has brought a counterclaim against the Claimant for breach of the agreement on 24 August 2023.
- (iv) On 20 August 2023 in the Company's announcement via SGXNet, a subsidiary of the Company, Raffles College of Higher Education Pte. Ltd ("RCHE") discovered that on account of an administrative oversight of an employee, it had not adequately provided fee protection for majority of the students of RCHE under the Fee Protection Scheme ("FPS"). Upon discovering this administrative oversight by the employee, RCHE voluntarily reported the same to the Committee of Private Education ("CPE"). The CPE had issued a warning and notice of suspension of RCHE's EduTrust Certification for a period of six (6) months until 17 February 2024. The suspension is limited to the enrolment of new students during this period only and does not affect RCHE's responsibilities towards its existing students.

RCHE's temporary suspension is on account of an administrative oversight by the RCHE's employee, whose services have since been terminated. RCHE is actively taking steps to strengthen its internal processes.

The Group has set in motion various mitigating measures to reduce the financial impact of this temporary suspension. Consequently, no material financial impact is expected.

RCHE will undergo an adhoc assessment by CPE and thereafter, RCHE will make an appeal to CPE to consider reducing the period of suspension.
