REAL ESTATE DEVELOPMENT CO., LTD. AS A MAJOR TRANSACTION**

**1 INTRODUCTION**

The board of directors (the “**Board**”) of Raffles Education Corporation Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) wishes to announce that on 16 July 2020 Langfang Tonghui Education Consulting Co., Ltd. (the “**Purchaser**”), a subsidiary of the Company, had entered into a sale and purchase agreement (the “**SPA**”) with Langfang Heying Real Estate Development Co., Ltd. (the “**Vendor**”) for the sale and purchase of 35.9% equity interest (the “**Sale Shares**”) in Langfang Hezhong Real Estate Development Co., Ltd. (the “**Target Company**”) for an aggregate consideration of RMB 254,000,000 equivalent to approximately S\$49,207,000 based on an exchange rate of S\$0.19373: RMB1 (the “**Consideration**”). The aforesaid transaction is hereinafter referred to as the “**Proposed Acquisition**”.

**1.1 Background to the Proposed Acquisition**

As background to the Proposed Acquisition and as announced by the Company on 11 September 2013, 9 December 2013 and 18 June 2019, the Vendor and the Purchaser had on 10 September 2013 entered into a land-use rights framework agreement in relation to the proposed sale of certain land-use rights and properties located in the People’s Republic of China (the “**PRC**”) to the Vendor, which was subject to further definitive agreements being entered into between the parties (the “**Framework Agreement**”). In connection with and to give effect to the Framework Agreement, the Vendor and the Purchaser had on 6 December 2013 entered into a shareholders’ agreement in respect of the incorporation and operation of the Target Company as a joint venture company (the “**Shareholders’ Agreement**”), and an option agreement in respect of the equity interests in the Target Company (the “**Option Agreement**”) pursuant to which the Vendor had granted the Purchaser an irrevocable put option (the “**Put Option**”) which gave the Purchaser the right to require the Vendor to purchase its 70% equity interest in the Target Company (the “**Option Equity**”) in accordance with the terms and conditions of the said agreement. Thereafter, the Vendor and the Purchaser had on 11 March 2014 entered into a supplemental agreement to amend and supplement the terms of the Shareholders’ Agreement (the “**First Supplemental to the Shareholders’ Agreement**”) and a supplemental agreement to amend and supplement the terms of the Option Agreement (the “**Supplemental to the Option Agreement**”). Pursuant to the aforementioned agreements, the Vendor and the Purchaser incorporated the Target Company on 11 March 2014, and the Purchaser contributed registered capital of RMB 223,163,300 to the Target Company in the form of land and buildings while the Vendor contributed registered capital of RMB 95,641,400 to the Target Company in the form of cash, for a respective equity interest of 70% and 30% in the Target Company.

As announced by the Company on 18 June 2019, the Vendor and the Purchaser had on 18 June 2019 entered into a settlement agreement in respect of the Option Agreement (the “**Option Settlement Agreement**”) to record and note that, as at the date of the Option Settlement Agreement, the Vendor had only paid part of and not the full amount of the Put Option exercise price to the Purchaser, and that none of the Option Equity had been registered

in the name of the Vendor following its partial payment of the Put Option exercise price. Pursuant to the Option Settlement Agreement, in view of the incomplete implementation and exercise of the Put Option in accordance with the terms and conditions of the Option Agreement as amended by the Supplemental to the Option Agreement, the Vendor and the Purchaser agreed that the Vendor shall obtain a portion of the Option Equity held by the Purchaser corresponding to the partial amount of the Put Option exercise price that was paid by the Vendor, being 35.9% of the existing equity interest in the Target Company, following which the resultant respective equity interest of the Vendor and the Purchaser in the Target Company upon the implementation of the Option Settlement Agreement would be 65.9% and 34.1% respectively. Pursuant to the Option Settlement Agreement, following the adjustment to the equity interest of the Vendor and the Purchaser in the Target Company in accordance with the terms and conditions thereto, the Option Agreement and the Supplemental to the Option Agreement would be considered fully and completely discharged and terminated and the Vendor would not be required to pay the balance unpaid Put Option exercise price.

As announced by the Company on 18 June 2019, in connection with the Option Settlement Agreement, the Vendor and the Purchaser had on 18 June 2019 further entered into a second supplemental agreement (the “**Second Supplemental to the Shareholders’ Agreement**”) to amend and supplement the terms of the Shareholders’ Agreement and the First Supplemental to the Shareholders’ Agreement, in order that the relevant terms in the said agreements would be aligned with the Option Settlement Agreement.

## **4 RATIONALE FOR THE PROPOSED ACQUISITION**

The Vacant Land had previously been injected into the Target Company with the original intention of developing the Vacant Land into a commercial and residential development that would increase the vibrancy of the Oriental University City, a university campus located in Langfang city, Hebei province, the PRC (the “**Oriental University City**”), which is owned by the Group. However, the Vendor’s efforts to convert the Vacant Land to commercial and residential land titles over the last year six years had been stalled by numerous protracted challenges and completion of the intended mixed development is not in sight. As the Proposed Acquisition would enable the Company, through the Purchaser, to obtain majority control over the Target Company, it would allow the Company to rationalise the land use rights of the Vacant Land into education facilities instead of proposed mixed commercial and residential development.

Further, in terms of compliance requirements at the planning stage, the time frame for development of the Vacant Land into education facilities is expected to be shorter than the time required to develop the land for mixed residential and commercial usage.

The development of the Vacant Land into education facilities would also create revenue streams complementary to the Group’s businesses. The main investment properties owned by the Company in Oriental University City, presently has an occupancy rate exceeding 80% as at 31 March 2020, thus limiting further potential revenue growth. Langfang City, being strategically located between the cities of Beijing and Tianjin, is well poised to cater to the demands for educational facilities of higher education institutions.

Accordingly, the Board is of the view that the Proposed Acquisition is in the best interests of the Group.

- (5) This basis is not applicable as the Consideration shall be fully paid in cash.
- (6) This basis is not applicable as it only applies to a disposal of mineral, oil and gas assets by a mineral, oil and gas company.

As the relative figures under Rule 1006 (c) of the Listing Manual exceeds 20%, the Proposed Acquisition constitutes a “major transaction” for the purposes of Chapter 10 of the Listing Manual.
